

Prepared: 6/7/22

Domestic Violence High Risk Team:

This team convened February 7, 2022 with the primary purpose of pulling together the MOU partners to the Improving Criminal Justice Response to Domestic Violence grant awarded to MONSE in late Fall 2021. The purpose of the grant is to provide a collaborative community response focused on reducing domestic violence related homicides. The members of this group are focused on 3 very specific areas for the first year of the grant Jan 2022- Oct 2022:

- Reviewing the current state of Lethality Assessment data
- Preliminary recommendations for consideration for IPV stat
- Rebuilding the Domestic Violence Fatality Review Team

The DVHR task force is a short-term bridge and will fold into the build out of the Domestic Violence Coordinating Council and the Domestic Violence Fatality Review Team. The initial members include representation from the core partners (BPD, MONSE, Turn Around, House of Ruth and Mercy Medical Center Family Violence Program). Additional members have been added from the States Attorney's Office, The Office of the Public Defenders, Department of Public Safety Parole and Probation, MOPI and most recently CHANA and the BCHD).
