	Agency Name & Address	Health Department 1001 E. Fayette Street Baltimore, Maryland 21201	MEMO	
	Subject	Council Bill 14-0159R HUD Audit of the Homeless Prevention and Rapid Re-Housing Grant		

To: President and Members
of the City Council
c/o 409 City Hall

April 23, 2014

The Baltimore City Health Department (BCHD) is pleased to have the opportunity to review Council Bill 14-0159R HUD Audit of the Homeless Prevention and Rapid Re-Housing Grant. The purpose of this bill is to ask the City and external agencies concerned with homelessness in Baltimore to appear before the City Council to discuss the HUD Audit of the Homeless Prevention and Rapid Re-Housing grant.

BCHD does not participate in the Rapid Re-Housing Grant. However, BCHD, through its Health Baltimore 2015 initiative, is working to promote access to quality healthcare for all. This includes lowering the percentage of residents who report having unmet medical needs as well as lowering the hospitalization rates for diabetes, hypertension and asthma. In addition, as part of Healthy Baltimore 2015, we are working to reduce the number of residents with untreated mental health needs. Meeting the mental health needs of residents reduces the rates of homelessness, unemployment, incarceration and drug and alcohol abuse.

BCHD's partner, Health Care for the Homeless (HCH), has been working to ensure everyone in Baltimore has access to healthcare. HCH works to prevent and end homelessness for vulnerable individuals and families by providing quality, integrated health care and promoting access to affordable housing and sustainable incomes through direct service, advocacy, and community engagement. HCH delivers pediatric, adult, and geriatric medical care, mental health services, social work and case management, addiction treatment, dental care, vision assistance, HIV services, outreach, services, supportive housing, and access to education and employment for thousands of City residents.

We appreciate the opportunity to review this very important resolution.
