## **ANALYSIS**

This is the second public hearing for this structure as part of the Baltimore City Landmark designation process. The first hearing occurred when the CHAP Commission reviewed and recommended approval of Landmark designation on August 11, 2015. CHAP's staff report is attached to this staff report.

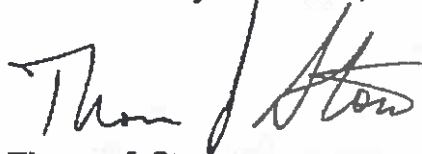

This Landmark Designation has been reviewed by the CHAP Commission and is consistent with planning initiatives.

The CHAP Commission found the following: Established in 1930 during the Great Depression, American Legion Federal Post No. 19 is one of the oldest black American Legion posts in Maryland. It has had a very active membership serving their West Baltimore community for decades. Even during the Jim Crow-era, members served in leadership roles in the larger American Legion structure at the state and national level, fighting for equal opportunities for African American veterans both in the organization and in society at large. The Post was also home to the famed Blue Helmet Drum and Bugle Corps. Federal Post No. 19 has served as an important place for Baltimore's African American community for eighty-five years.

Based upon the historical context of the American Legion Federal Post No. 19, the Commission for Historical and Architectural Preservation found that it meets CHAP Landmark designation criteria for the following standards:

- B. A Baltimore City Landmark may be a site, structure, landscape, building (or portion thereof), place, work of art, or other object which:
1. Is associated with events that have made a significant contribution to the broad patterns of Baltimore history;

Staff has notified the following of this action: Mayor and City Council, Baltimore AIA Chapter, Baltimore Heritage, Baltimore City Historical Society, Baltimore National Heritage Area, Preservation Maryland, Upton's Marble Hill CHAP Architectural Review Committee, Marble Hill Community Association, and Midtown Community Benefits District.
