	AGENCY NAME & ADDRESS	Department of Public Works 600 Abel Wolman Municipal Building		
	SUBJECT	CITY COUNCIL BILL 08-0197		

DATE: October 7, 2008

TO
 The Honorable President and Members
 of the Baltimore City Council
 c/o Karen Randle
 Room 400 - City Hall

I am herein reporting on City Council Bill 08-0197 introduced by Council President Rawlings Blake on behalf of the Administration (Department of Public Works).

The purpose of the Bill is to condemn and open Callendar Street, extending from Baltimore Street southerly 137.4 feet, more or less, to Booth Street, as shown on Plat 114-A-45 in the Office of the Department of Public Works.

The University of Maryland, Baltimore (UMB) is a biomedical research institution located in Downtown Baltimore having professional schools of medicine, dentistry, nursing, pharmacy, public health, law, social work, and a multi-disciplinary graduate school. UMB is constructing a 10 acre BioPark on the west side of campus by expanding across Martin Luther King, Jr. Boulevard. Several buildings have been built or are under construction. A new six-story medical research and office building is planned for the southeast corner of West Baltimore and South Poppleton Streets. However, to provide for the best possible building footprint, UMB would like to close and purchase the bed of Callendar Street, a right-of-way that is located perpendicular to and between West Baltimore and Booth Streets. City Council Bill 08-0197, if approved, would open Callendar Street to public use, and companion legislation would complete the process by closing Callendar Street to public use (City Council Bill 08-0198) and authorizing its sale (City Council Bill 08-0199).

Based on these findings, the Department of Public Works supports passage of City Council Bill 08-0197.

 David E. Scott, P.E.
 Director
