

BALTIMORE
OFFICE OF PROMOTION & THE ARTS

June 11, 2009

Council Bill 08-163

Live Entertainment and Dancing Zoning

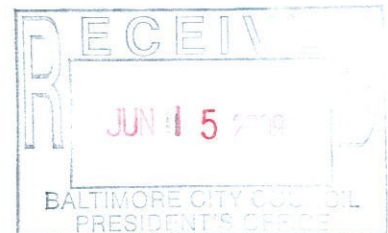

Official response by the Baltimore Office of Promotion & The Arts

The Baltimore Office of Promotion & The Arts does not take a position on this bill, because it is not the mission of our office to promote private and/or for-profit events. However, BOPA does understand and appreciate the value of living, working and visiting a city with diverse entertainment venues, as well as the importance for artists, especially musicians and performers, to find employment.

Thank you.

William B. Gilmore
Executive Director
