June 6, 2013

The Baltimore City Health Department (BCHD) is pleased to have the opportunity to review Council Bill 13-0222 Corrective Bill 2013. The purpose of this bill is to correct certain technical errors and omissions in the City Code; repeal certain obsolete or otherwise preempted, superseded, or superfluous provisions; correct, clarify, and conform certain language; and provide for a special effective date.

This bill seeks to make two changes to the Health Article of the Baltimore City Code. The first is to §10-901 which proposes to reorder the definitions in this section alphabetically. The second is to §10-1002 which governs the Animal Hearing Panel. This change seeks to correct a clerical error in Ordinance 11-573 which rewrote Title 10. It formally reinstates the language in the original bill that allows for possible compensation for members of the Animal Hearing Panel.

BCHD has reviewed both corrections and concurs with the proposed changes. We will be available for any questions the Committee may have.
