Re: City Council Bill 20-0574 City Streets - Opening - A 13-Foot Alley

The Department of Housing and Community Development (DHCD) has reviewed City Council Bill 20-0574 for the purpose of condemning and opening a 13-foot alley, extending from East Biddle Street Northerly 80 feet, to a 20-foot alley laid out in the rear of the properties known as nos. 2000 through 2030 East Biddle Street, as shown on Plat 314-B-16 in the Office of the Department of Transportation; and providing for a special effective date.

If enacted, City Council Bill 20-0574 would condemn and open a 13-foot alley and allow the operators of the recently redeveloped Hoen Building, located at 2101 East Biddle Street, to provide for the development of several satellite parking lots. These parking lots will be used by visitors, patrons, and staff to the building and attract new office and retail lessees.

This Bill is a companion piece to City Council Bills 20-0575 for the purpose of closing of a 13-Foot Alley and a 20-Foot Alley & City Council Bill 20-0576 for the sale of the former Beds of a 13-Foot Alley and a 20-Foot Alley. Collectively, the opening, closing, consolidation and sale of the alleys will allow the developer to proceed with the development of additional parking lots.

The council recently approved 19-0402 Zoning - Conditional Use Parking Lots - Hoen Lithograph Building, which will allow the applicant to construct satellite surface parking at five locations in proximity to their building. These parking lots will support training programs currently in operation and serve future tenants of the Hoen Lithograph Building.

DHCD **supports** the passage of Council Bill 20-0574.
