**§ 6. Benefits.**

If there is no such spouse or if the spouse dies or remarries before the youngest unmarried child of said deceased member shall have either attained the age of [18 years or, in the event said child is a full-time student, before he shall have attained the age of] 22 years, then an amount equal to 35% (or such different amount as set forth below) of the allowance said member was receiving shall be paid to such child or children, divided in such manner as the Board of Trustees in its discretion shall determine to continue for the benefit of such child or children until the last child marries, dies or [either attains the age of 18 years or in the event he is a full-time student,] attains the age of 22 years. For members who terminate employment with the City before June 29, 1990, the preceding two sentences shall be read by substituting “33⅓%” for “35%” wherever such amounts appear therein.
