**STAFF REPORT**

Director

**March 18, 2010**

**REQUEST:** Street Closing/Northern Portion of Bruce Street – Penn North Project

**RECOMMENDATION:** Approval, subject to compliance with the Department of General Services' requirements.

**STAFF:** Ervin McDaniel

**PETITIONER:** Penn North Partners, LLC, represented by Kevin Bell of The Bell Group

**OWNERS:** Mayor and City Council of Baltimore

**SITE/GENERAL AREA**

**Site Conditions:** Bruce Street is a small alley street of varying width, within a 20 foot wide public right-of-way. It is approximately 750 feet and is between Clifton Avenue to the north and Retreat Street to the south. At present portions of Bruce Street are unimproved.

**General Area:** Bruce Street is within the Penn-North Community in West Baltimore. This community is comprised of both residential and commercial uses. The residential uses are located along Clifton Avenue while the commercial uses are concentrated along Pennsylvania Avenue.

**HISTORY**

- Ordinance #817, approved July 10, 1978, established the Penn-North Transit Station Urban Renewal Area.
- Ordinance #316, approved March 20, 1985, amended the Penn-North Transit Station Urban Renewal Area.
- Final Subdivision & Development Plan/2632-78 Pennsylvania Avenue; 1601-17 Clifton Avenue; 2645-49, 2655-61, and 2650-56 Bruce Street; and Lot 129 of Block 3400 – For the Penn Square Apartments Project, approval by the Baltimore City Planning Commission on April 16, 2009

- Street Closing/Two 10 foot Alleys East and West of Bruce Street, approval by the Baltimore City Planning Commission on April 16, 2009

**CONFORMITY TO PLANS**

The project is consistent with the Comprehensive Master Plan's LIVE section, Goal One: Build Human and Social Capital by Strengthening Neighborhoods, Objective One: Expand

Housing Choices for all Residents and Objective Two: Strategically redevelop Vacant Properties Throughout the City. This proposal is also in conformance with the Penn-North Transit Station Urban Renewal Area.

**ANALYSIS**

Penn North Partners, LLC is interested in having Bruce Street closed between Clifton Avenue to the north and Retreat Street to the south. This is because the applicant is in the process of developing the property known as City Block 3400, except for Lot 105/106 of the Block. The Penn Square redevelopment project is mixed-use, mainly residential with some commercial. Bruce Street will be used as private street/access road to provide internal circulation to the project. Therefore, the applicant has formally requested that Bruce Street be closed.

This street closing will have two phases, Phase I and Phase II. Phase I is from Clifton Avenue to a point that is 158 feet north of Retreat Street. Phase II is the remaining portion of Bruce Street (158 feet north of Retreat Street to Retreat Street). The Phase I Street Closing can proceed now; while the Phase II can proceed later pending an access agreement if required. There is one property, Lot 105/106 at the corner of Bruce and Retreat Street (Phase II) that is not controlled by the City or the applicant. However, this portion can be closed once all access issues are resolved. Thus, after reviewing the applicant's request, it is staff's finding that the Bruce Street is not needed for public right-of-way purposes and can be declared surplus and sold.

The Penn-North Community Association and Pennsylvania Avenue Redevelopment Collaborative were notified of this action.
