## Analysis

### Current Law

\*[Article 31](#) of the Baltimore City Code ([Transit and Transit](#))- outlines the rules, regulations and mandates pertaining to parking issues and/or guidelines.

Subtitle 9 – Parking for Disabled Persons and Helpers

### Background

Per the primary sponsor of the legislation, the Honorable Paris Gray, “Certain permit renewal requirements seem to punish the people who need it most! The purpose of this bill is to remove barriers from ‘people with barriers;’ to remove unnecessary hurdles and to shift accountability to the system; and will address equity too!”

**If enacted**, Bill 25-0096 will amend Article 31, Subtitle 9 of the Baltimore City Code. **Some** highlighted changes and/or amendments are:

- Wording: disabled person changed to disabled individual
- Wording: applicant changed to individual in some areas of the bill but not all areas.
- Change in law:
  - The abutting property owners will no longer have to provide signed statements for the designation of reserved parking for the individual
  - Only one statement will be needed – from a physician
- Change in law:
  - The Department of Transportation (upon approval) shall issue a permit to the applicant; (permits shall be renewed each year)
  - The issuance of a temporary permit **will be deleted**
  - The regulation describing the location of the reserved space that was previously submitted to the City Council **will be deleted**
- Change in law:
  - Validation and renewal of the reserved parking space no longer expire 6 months from date of issuance (permits shall be renewed each year)
  - The Department of Transportation will follow up with the permit holder:
    - With a bi-annual notification, and
    - Every 5 years send the permit holder a document to affirm the holder still requires the use of the permit
  - However, any person who reasonably believes that a permit is no longer needed by an individual can contact the Department of Transportation to initiate an investigation into the status of same.
- Change in law:

- All application and annual permit **fees** will now be subject to the approval of the Board of Estimates

On Wednesday, December 17, 2025, the committee will hold a hearing on this legislation.

Re: City Council Bill 25-0096 – Parking for Disabled Individuals and Helpers – Modifications

Dear President and City Council Members:

The Law Department has reviewed City Council Bill 25-0096 for form and legal sufficiency. The bill removes certain required statements for reserved parking permit applications for disabled individuals and their helpers. The bill also removes the procedural requirement to submit an administrative regulation to City Council when a permit is approved. CCB 25-0096 also creates a five-year permit renewal process and allows third parties to submit notice to the Department of Transportation if they believe that a reserved parking permit is no longer needed. The bill also changes the term disabled “person” to “individual” throughout Subtitle 9 of Article 31 of the Baltimore City Code. However, it does miss one reference in line 7 on page 2, which should be corrected.

State law authorizes the City of Baltimore to establish personal residential reserved parking spaces subject to the approval of the Baltimore City Department of Transportation. Md. Code, Transp. § 21-1005(k). The changes to the reserved permit parking application requirements, the permit renewal process, and third-party notice comport with state regulations on reserved permit parking for disabled individuals. *See* Code of Maryland Regulations, 11.16.03.02 (application), 11.16.03.03 (medical certification), and 11.16.03.09 (revocation of parking permit and reserved parking space).

There are no legal issues with City Council Bill 25-0096; therefore, the Law Department approves the bill for form and legal sufficiency but recommends correction of the typographical error.

Sincerely,

Desiree Luckey
