(Edition 2000)

**Recitals**

Over 3,000 new housing units have been built in Downtown Baltimore since 1999. These new housing developments have brought in over 5,000 new residents to Downtown Baltimore, a majority of whom come from outside of the City of Baltimore. These new downtown residents bring new life, vitality, and tax revenues to the City – generating significant momentum in new housing development in Downtown Baltimore.

B-4 and B-5 Zoning Districts only exist in Downtown Baltimore and the Mt. Vernon neighborhoods. Existing zoning regulations do not permit residential development to the maximum potential of floor-area ratios in B-4 and B-5 Districts.

**EXPLANATION:** CAPITALS indicate matter added to existing law.  
[Brackets] indicate matter deleted from existing law.  
Underlining indicates matter added to the bill by amendment.  
~~Strike out~~ indicates matter stricken from the bill by amendment or deleted from existing law by amendment.

**Council Bill 06-0327**

1 The intent of this bill is to stimulate new residential development in the Downtown area, but  
2 without interfering with or superseding development restrictions imposed by any Urban  
3 Renewal Plan.
