Please be advised of the following comments offered on behalf of the Baltimore Commission on Sustainability. The CoS discussed the Bmore Streets for People resolution at the December 22nd 2009 meeting.

The intent of this resolution addresses the following goals of the Baltimore Sustainability Plan as approved by City Council on March 2, 2009:

- Pollution Prevention Goal #1: Reduce Baltimore’s greenhouse gas emissions by 15% by 2015;
- Resource Conservation Goal #1: Reduce Baltimore’s energy use by 15% by 2015;
- Transportation Goal #2: Make Baltimore bicycle and pedestrian friendly;
- Education & Awareness Goal #3: Raise the environmental awareness of the Baltimore community;
- Education & Awareness Goal #4: Expand access to informational resources on sustainability; and
- Green Economy Goal #4: Raise Baltimore’s profile as a forward thinking, green city.

It was the consensus of the CoS to support City Council Bill #09-0177R at the December 22, 2009 meeting. The CoS wants to revisit the subject in 2010 to discuss ways they can further support the Bmore Streets for People project.
