Re: **City Council Bill 09-0205 Plastic Bag Prohibition**

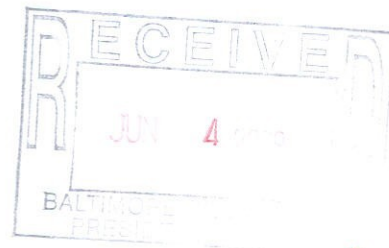

The Department of Housing and Community Development has reviewed City Council Bill 08-0205, which was introduced for the purpose of prohibiting certain markets and formula retail stores from using certain types of plastic checkout bags.

Under the proposed legislation, supermarkets and other brand names stores would be prohibited from providing checkout bags to their customers unless those bags are either reusable or made of recyclable paper. The bill would effectively prohibit plastic bags from local stores. Penalties imposed on violators would escalate from \$250 to \$1000 depending on the number of offenses accumulated over time.

The Department of Housing and Community Development has no objection to the passage of the City Council Bill 08-0205; however, we defer to the Health Department and the Environmental Control Board to address specifics enforcement issues of the proposed legislation.
