The Special Taxing District Act also authorizes the City, subject to certain requirements, to borrow money by issuing and selling Bonds (defined herein), for the purpose of providing financing, refinancing, or reimbursement for the cost of the infrastructure improvements.

The Special Taxing District Act also authorizes the City, subject to certain requirements, to use the special tax revenues to pay or reimburse the City for debt service which the City is obligated to pay or has paid (whether such obligation is general or limited) on Bonds or, under a Contribution Agreement, to a State Issuer (as such terms are defined herein) for the payment of principal of and interest on applicable State Obligations (defined herein) for the purpose of providing financing, refinancing, or reimbursement for the cost of infrastructure improvements.

The City has been requested to designate and create the Perkins Somerset Oldtown Special Taxing District from both (i) the owners of at least two-thirds of the assessed valuation of the real property located in the proposed special taxing district and (ii) at least two-thirds of the owners of the real property located in the proposed special taxing district as determined by the provisions of the Special Taxing District Act.

The Special Taxing District Act provides that before any bonds may be issued, the City must enact an ordinance that (i) designates an area or areas as a “special taxing district”; (ii) creates a special fund for the special taxing district; and (iii) provides for the levy of an ad valorem or special tax on all real and personal property in the special taxing district at a rate or amount designed to provide adequate revenues to pay the principal of, interest on, and redemption premium, if any, on the Bonds and the amount payable under a Contribution Agreement to a State Issuer for the payment of the principal of and interest on applicable State Obligations, to replenish any debt service reserve fund, and for any other purpose related to the ongoing expenses of or security for the Bonds or the payment obligations under the Contribution Agreement.

The City wishes to establish a special taxing district within Baltimore City, establish a special fund for the special taxing district, and provide for the levy of a special tax on all taxable real and personal property in the special taxing district for the purpose of providing funds for the costs of the infrastructure improvements and related costs permitted by the Special Taxing District Act, including, without limitation, the Project (defined herein).
