The Honorable Bernard Jack Young and  
 Members of the Baltimore City council  
 City Hall, Room 406  
 100 N. Holliday Street

The Department of Human supports City Council Resolution 10-0501. This resolution initiates the formation of a city resident hiring preference work group. This work group will be comprised of Baltimore City Government department representatives and stakeholders outside of Baltimore City government. The work group will explore and draft Board of Estimates rules and/or ordinance to expand current contractual requirements to hire city residents for city-funded work. The ultimate goal of this resolution is to reduce the city's unemployment rate and to provide greater opportunities for employment of city residents.
