	SUBJECT	City Council Bill # 18-0311 Nicotine Replacement Therapy Products – Sale and Distribution		

TO

The Honorable President and Members
of the Baltimore City Council

DATE:

December 18, 2018

The Baltimore City Environmental Control Board (ECB) has been requested to review City Council Bill #18-0311, Nicotine Replacement Therapy Products – Sale and Distribution. The purpose of the bill is to require certain retailers to sell nicotine replacement therapy products, mandate certain retail display and packaging requirements, require certain employers and facilities to offer nicotine replacement therapy products at no cost, define certain terms, provide for a special effective date, and establish certain penalties.

It is anticipated that the number of citations that will be issued for violations of the relevant provision(s) will have no significant impact on ECB operations. For this reason ECB has no objections to the passage of this bill.
