The Environmental Control Board (ECB) supports the above Bill for the purpose of providing for the licensing and regulation of special-event parking lots; limiting their operation to a specified special-event parking district; defining certain terms; imposing certain fees, requiring payment of the parking tax; imposing certain penalties, conforming certain provisions of the Zoning and Building Codes; conforming, correcting, and clarifying other related provisions, and generally relating to the licensing, regulation, operation, and zoning of parking lots.

This bill also creates a special event parking district in the areas surrounding Oriole Park at Camden Yards and M&T Bank Stadium and authorize the Finance Department to designate special event parking days as necessary.

ECB supports the passage of this bill, in that it will result in increased revenues; however ECB defers this bill to the Law Department for legal sufficiency.
