Bill No. 23-0207R - By Councilmembers Porter, Burnett, Ramos, and Dorsey

Introduced
(Read)

**Condemning the Hamas Terrorist Attack and Calling for
Peace: Denouncing Antisemitism and Islamophobia**

FOR the purpose of condemning the Hamas terrorist attack on Israel, standing in solidarity with members of the Jewish and Islamic communities in Israel and Palestine who have been victims of violence, condemning antisemitism, Islamophobia, and genocide, and calling for a long-term ceasefire in Israel and Palestine.

Recitals

The Baltimore City Council stands in solidarity with members of the Jewish and Islamic communities in Baltimore and around the world in the aftermath of the horrific Hamas terrorist attack and Israeli counterattack that have resulted in the deaths of nearly 1,200 Israeli and 16,000 Palestinian people since October 7, 2023.

Our message to our Jewish and Islamic community members is unwavering: you are our community and we join you in your mourning and stand with you during this sorrowful time.

This type of violence is a consequence of dangerous rhetoric and policies perpetuated by reactionary ideologues. Whether it is by separating families through the Muslim Ban, taking children away from their families at America's border, or by dehumanizing refugees in Europe, individuals who amplify these messages and implement these policies are only enabling hate and future attacks in hate's name.

The City Council resolves itself to continue its condemnation of hate speech and violence in every form. The City Council demands the return of all hostages being held in Gaza and Israel. Further, the City Council calls for an immediate and long-term ceasefire in Israel and Palestine to prevent further unnecessary bloodshed. We ask the citizens of Baltimore to stand with the City Council in solidarity with our Jewish and Islamic neighbors to demonstrate that hate has no home in Baltimore City.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF BALTIMORE, That the City Council condemns the Hamas terrorist attack on Israel, stands in solidarity with Jewish and Islamic peoples in Israel and Palestine who have been victims of violence, condemns antisemitism, Islamophobia, and genocide, and calls for a long-term ceasefire in Israel and Palestine.

AND BE IT FURTHER RESOLVED, That a copy of this Resolution be sent to the Mayor and the Mayor's Legislative Liaison to the City Council.

Councilmember Burnett made a motion, which was duly seconded, that the Rules be suspended.

There being no objection, the President declared that the Rules were suspended.

Then Councilmember Burnett made a motion, which was duly seconded, that the Resolution be adopted.

The roll was called on the motion, resulting as follows:

Yeas - Councilmembers Dorsey, Burnett, Bullock, Porter, Ramos - Total 5.

Nays - President and Councilmembers Cohen, McCray, Conway, Schleifer, Costello, Stokes - Total 7.

Absent - Middleton, Torrence, Glover - Total 3

The President declared the Resolution "Not adopted".

COMMITTEE REPORTS

**BILL NO. 23-0408 REPORTED FAVORABLY
AND ORDERED PRINTED FOR THIRD READING**

Councilmember Bullock, for the Economic and Community Development Committee, reported that the Committee has complied with the Land Use Article of the Maryland Code and recommends the adoption of Bill No. 23-0408 favorably.

An Ordinance permitting, subject to certain conditions, the conversion of a single-family dwelling unit to 2 dwelling units in the R-8 Zoning District on the property known as 1046 Brantley Avenue (Block 0115, Lot 071), as outlined in red on the accompanying plat; and granting variances from certain bulk regulations (lot area size), and off-street parking requirements; and providing for a special effective date.

Councilmember Bullock made a motion, duly seconded, that pursuant to Article 32, § 5-406 of the Baltimore City Code the Council adopt these findings of fact concerning a conditional use.

Findings of Fact

City Council Bill No. 23-0408

Zoning - Conditional Use Conversion of a Single-Family Dwelling Unit to 2 Dwelling Units in the R-8 Zoning District - Variances - 1046 Brantley Avenue

- (1) the establishment, location, construction, maintenance, or operation of the conditional use **will not** be detrimental to or endanger the public health, safety, or welfare **for the following reasons:**

This bill authorized the conversion of a single-family dwelling at 1046 Brantley Ave to two dwelling units. Staff reports find that the proposed conditional use would not be a detriment to or endanger public health, safety, or welfare.

- (2) the use **would not** be precluded by any other law, including an applicable Urban Renewal Plan:

No Urban Renewal Plan or other law would preclude this conditional use.

- (3) the authorization **would not** be contrary to the public interest **for the following reasons:**

Use of this property as a multi-family dwelling is in the public interest because it will provide additional housing options in the community.

- (4) the authorization **would** be in harmony with the purpose and intent of this Code **for the following reasons:**

Use of this property as a multi-family dwelling will provide additional housing options in the community with no negative impact on public health, safety, or welfare.

After consideration of the following, where applicable (**fill out all that are *only* relevant**):

- (1) the nature of the proposed site, including its size and shape and the proposed size, shape and arrangement of structures;

The property is located in Harlem Park on the north side of the street at the intersection of Brantley and Arlington avenues. The structure is 14'x 54' on a 14' x 70' lot. The building contains roughly 2450 square feet of interior space.

- (2) the resulting traffic patterns and adequacy of proposed off-street parking and loading;

Traffic patterns would not be affected by the conversion of this building but the lot does not have adequate space to provide for the required off street parking and a variance would need to be issued for this regulation.

- (3) the nature of the surrounding area and the extent to which the proposed use might impair its present and future development;

The surrounding area is primarily residential in nature with scattered nonresidential uses in the community.

- (4) the proximity of dwellings, churches, schools, public structures, and other places of public gathering;

There is reasonable proximity of other dwellings, churches and other places of worship, schools, public structures, and places of public gathering.

- (5) accessibility of the premises for emergency vehicles;

There is adequate accessibility of the premises for emergency vehicles.

- (6) accessibility of light and air to the premises and to the property in the vicinity;

There is adequate light and air to the premises and to properties in the vicinity.

- (7) the type and location of adequate utilities, access roads, drainage, and other necessary facilities that have been or will be provided;

Adequate utilities, access roads, drainage, and other necessary facilities have been provided.

- (8) the preservation of cultural and historic landmarks and structures;

The proposed use will not interfere with the preservation of cultural and historic landmarks and structures.

- (9) the character of the neighborhood;

The property is located in Harlem Park and under the Harlem Park II Urban Renewal Plan Brantley Avenue is designated as being residential - it is zoned R8 and is a part of the Old West Baltimore Historic District.

- (10) the provisions of the City's Comprehensive Master Plan;

The proposed use is consistent with the Comprehensive Master Plan for Baltimore.

- (11) the provisions of any applicable Urban Renewal Plan;

The proposed use is not prevented or limited by any Urban Renewal Plan.

- (12) all applicable standards and requirements of this Code;

The proposed use requires variances from the lot area size, and off-street parking requirements of the Zoning Code. With the variances, the use meets all applicable standards and requirements of the Zoning Code.

- (13) the intent and purpose of this Code; and

The proposed use is consistent with the intent and purpose of the Zoning Code.

- (14) any other matters considered to be in the interest of the general welfare.

The proposed use is consistent with any other matters considered to be in the interest of the general welfare.

Councilmember Bullock made a motion, duly seconded and pursuant to the applicable sections of Article 32 of the Baltimore City Code, that the Council adopt these findings of fact concerning any variances of applicable standards for:

City Council Bill No. 22-0408

1046 Brantley Avenue

Variance from lot area size requirements

Threshold Question:

[x] *In accordance with Section 5-305(c), it has been determined that there is no written decision by the Board of Municipal and Zoning Appeals on an application for this same subject matter.*

Hardship or Practical Difficulty:

The City Council has considered at least one of the following:
(check all that apply to evidence consideration)

[x] The physical surroundings around the **Structure/ Land** involved;
(underline one)

[x] The shape of the **Structure/ Land** involved;
(underline one)

[] The topographical conditions of the **Structure/ Land** involved;
(underline one)

and finds either that:

(1) An unnecessary hardship **Would / Would Not** exist if the strict letter of the applicable requirement from which the variance is sought were applied because:

or that:

(2) Practical difficulty **Would / Would Not** exist if the strict letter of the applicable requirement from which the variance is sought were applied because:

The structure covers over 70% of the lot and is larger than would ordinarily be needed for a single-family home and creates an unusual ratio of floor area to lot area. The floor area per unit meets the requirements of the zoning code and the use of the structure as a multifamily dwelling would not impede the use of other nearby properties or affect the master plan or urban renewal plan and so a lot area variance is reasonable.

Conditions on which this variance is based are unique to this property and are not generally applicable to other property within the same zoning classification. The purpose of the variance needed is not based exclusively on a desire to increase the value or income potential of the property. The variance would not be injurious to the use and enjoyment of other property in the immediate vicinity and not substantially diminish or impair property values in the neighborhood. The variance requested is in harmony with the Comprehensive Master Plan, and related considerations of public health, safety, and general welfare.

City Council Bill No. 22-0408

1046 Brantley Avenue

Variance from off-street parking requirements

Threshold Question:

[x] *In accordance with Section 5-305(c), it has been determined that there is no written decision by the Board of Municipal and Zoning Appeals on an application for this same subject matter.*

- (2) Practical difficulty Would / **Would Not** exist if the strict letter of the applicable requirement from which the variance is sought were applied because:

The structure covers over 70% of the lot and is larger than would ordinarily be needed for a single-family home and creates an unusual ratio of floor area to lot area. It is impractical to create a parking area on the remaining lot and so a variance is more reasonable than strict adherence to the requirement.

Conditions on which this variance is based are unique to this property and are not generally applicable to other property within the same zoning classification. The purpose of the variance needed is not based exclusively on a desire to increase the value or income potential of the property. The variance would not be injurious to the use and enjoyment of other property in the immediate vicinity and not substantially diminish or impair property values in the neighborhood.
