Re: City Council Bill 10-0224R – (Investigative Hearing – Broadcasting of Baltimore City
Government Proceedings)

Dear Council President and City Council Members:

The Baltimore City Office of Cable & Communications has reviewed City Council Bill 10-0224R and is prepared to come before the Council to discuss the logistical requirements for broadcasting meetings and hearings of the Board of Estimates, the Board of Municipal and Zoning Appeals, and the Board of Liquor License Commissioners on TV25.

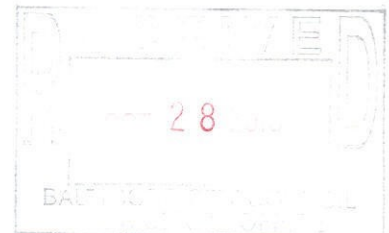

The Baltimore City Office of Cable & Communications is prepared, and would be pleased, to air additional government proceedings, such as Liquor Board and Board of Estimates meetings, provided that the agency or body whose meetings are being aired assume the expense associated with airing such meetings, including taping, editing and broadcasting. Attached please find the office's current rates.

The Office currently airs City Council meetings, at City Council's expense. Similarly, planning meetings are taped at the expense of the Planning Commission. Any other airing activities would be subject to similar arrangements.

Sincerely,

Cassandra Vaughn-Fox
Director
