RE: City Council Bill 15-0549

I am herein reporting on City Council Bill 15-0549 introduced by Council President Bernard Jack Young at the request of The Administration (Department of Transportation).

The purpose of this bill is to authorize the Mayor and City Council of Baltimore to sell, at either public or private sale all its interest in a certain property known as the former bed of Tyson Street, extending from West Franklin Street northerly 380.0 feet, more or less, to West Centre Street, in vicinity of North Howard Street and Park Avenue, the location shown on a plat numbered RW 20-36387 in the Department of Transportation; and providing for a special effective date.

The Baltimore City Parking Authority reviewed the location and believes that the direct sale of this property will have no negative impact on parking in the area. This section of Tyson Street has been closed and currently provides off street parking.

Based on the above comments, the Baltimore City Parking Authority supports the passage of City Council Bill 15-0549.
