The Honorable President and Members
of the City Council

Room 400 City Hall

April 7, 2014

I am herein reporting on City Council Bill 14-0152R, Revisiting Mayor and City Council Resolution 09-0433 – Street and Transportation Projects – Complete Streets. This resolution is for the purpose of calling on the Department of Transportation (DOT) and the Department of Planning to appear before the City Council to discuss the status and application of “Complete Streets” principles to the planning, design, and construction of new City transportation improvement projects.

The Department of Transportation (DOT) supports this resolution and looks forward to discussing its Complete Streets initiatives with the Council and community members. DOT also supports Planning’s amendment to delete that agency from the annual reporting section, thereby making DOT the sole agency responsible for completing the annual reporting requirements. We will be prepared at the hearing to discuss our initiatives comprehensively and look forward to a fruitful discussion.

Respectfully,

William M. Johnson
Director
