RE: City Council Bill, 21-0005R

Dear President and City Council Members,

This report is submitted by MOED in response to City Council Resolution 21-0005R. The purpose of this resolution is to request that the Department of General Services provide the City Council with an update on how employees of DGS have been keeping City-owned buildings clean during the COVID-19 pandemic and post information about cleaning schedules in these buildings.

Council Resolution 21-0005R calls on the Department of General Services to provide members of the Baltimore City Council an update on how the agency has worked to sanitize city-owned facilities over the course of the pandemic.

With the exception of the Benton Building, DGS does not have any responsibility at MOED. MOED buildings are maintained by MOED's Facilities Department and are cleaned regularly by the MOED Facilities team.

Additionally, MOED staff continues to work on modified work schedules, maintain social distancing, and follow all health screening and mask protocols when working inside of buildings.

Sincerely,

A handwritten signature in black ink that reads "Jason Perkins-Cohen". The signature is written in a cursive style.
