Metered Parking – Multi-Space Methods**

Dear Council President Young and Members of the City Council:

The Baltimore Police Department (BPD) has reviewed City Council Bill No. 16-0686 – Metered Parking – Multi-Space Methods. The proposed legislation is for the purpose of authorizing certain alternative methods for the operation of multi-space metered parking; correcting, clarifying, and conforming related language; repealing obsolescent provisions; and generally relating to the installation and operation of metered parking systems.

The BPD defers to the Department of Transportation and Parking Authority on the proposed legislation.

Thank you for the opportunity to comment on the legislation.

Sincerely,

Andrew Vetter  
Chief of Staff  
Office of the Police Commissioner
