RE: City Council Bill No. 12-0125 – Residential Permit Parking –
Approving Extension of Area 43

Dear President and Members,

You have requested the advice of the Law Department regarding City Council Bill 12-0125. City Council Bill 12-0125 provides for approving and extending the Parking Management Plan for Residential Permit Parking Area 43.

Area 43 was established by administrative regulation of the Executive Director of the Parking Authority pursuant to Art. 31, Sec. 10-18 of the Baltimore City Code. A written objection to the Plan was filed pursuant to Sec. 10-18(b). Due to the filing of the objection, an ordinance is required for the Plan to remain effective. City Council Bill 12-0125 was filed for this purpose.

The bill is consistent with the authority of the City Council. The Law Department, therefore, approves City Council Bill 12-0125 for form and legal sufficiency.

Sincerely yours,

Elena R. DiPietro
Chief Solicitor
