MOIT's position and recommended action is to support the Council Ordinance – 10-0573 Gun Offender Registration – Update of Residence.

MOIT has been in contact with the Police Department and the Office of Criminal Justice and has reviewed an application developed by the Police which could handle with little modification, the Gun Offender Registration – Update of Residence.

MOIT anticipates no material dollar impact associated with the changes required of the existing Police application to make it compliant with the intent of this legislation.
