RE: Council Bill 18-0238

I am herein reporting on City Council Bill 18-0238, introduced by the Council President.

The purpose of this bill is modifying the contract-expenditure threshold that requires approval of a Parking Authority contract by the Board of Estimates.

The Parking Authority believes that this proposed change to the PABC's enabling City Code will be beneficial to the City by reducing the effort of the offices of the Mayor, City Council President, and Comptroller by processing roughly two dozen fewer Parking Authority contracts per year for the Board of Estimates. The Parking Authority has an internal procurement policy, the oversight of its own Board of Directors, and is audited annually by an independent auditing firm to ensure that contracts are reasonable, competitive and compliant with policy. The Parking Authority is seeking the same contract-expenditure threshold that is currently applied to all City agencies. Therefore, the Parking Authority of Baltimore City supports the passage of City Council Bill 18-0223.

*Favorable*

The Honorable President and  
Members of the City Council  
Room 400, City Hall

June 19, 2018

City Council Bill #18-0238 was created for the purpose of modifying the contract-expenditure threshold that requires approval of a Parking Authority contract by the Board of Estimates.

The proposed legislation would increase the amount for a Parking Authority contract that requires approval by the Board of Estimates from \$10,000 to \$25,000. The Parking Authority is a quasi-governmental agency of Baltimore City, and is also a registered 501c(3) non-profit organization. The \$25,000 threshold for contract approval aligns with current rules for City agencies. This legislation would result in approximately two dozen fewer contracts requiring Board of Estimates approval each year, according to Parking Authority estimates.

This proposal generated no objections from various city agencies, and there is not a significant fiscal impact expected from this legislation. Therefore, the Department of Finance has no objection to the passage of Council Bill #18-0238.

Re: City Council Bill 18-0238 – Baltimore City Parking Authority - Contracts

Dear President and City Council Members:

The Law Department has reviewed City Council Bill 18-0238 for form and legal sufficiency. The bill modifies the contract-expenditure threshold that requires approval of a Parking Authority contract by the Board of Estimates.

The activities of the Parking Authority of Baltimore City ("PABC"), including matters related to the PABC's authority to enter into contractual obligations, are established by local law to the extent the local law comports with the State enabling legislation. *See generally* MD Local Govt., Title 18, Subtitle 1 Parking Authorities Act. This bill merely modifies when the PABC must seek BOE approval before it enters into contracts that exceed a legislatively specified amount. As such, there are no legal impediments to the passage of the bill.

Sincerely,

Victor K. Tervalo  
Chief Solicitor

Article 31 – Transit and Traffic

Section 13-4(h)

Baltimore City Code

(Edition 2000)

### Background

The Parking Authority of Baltimore City (PABC) is a quasi-governmental agency, and is a registered 501c (3) non-profit organization. Under the current law when the PABC enters into a contract that exceeds the \$10,000 threshold they must come before the Board of Estimates to get approval. If enacted, Bill 18-0238 would increase that threshold from \$10,000 to \$25,000, and essentially would reduce the number of PABC contracts that go before the Board of Estimates by approximately two dozen per year.

Currently, the PABC already has internal controls in place to ensure the integrity of the process. They are governed by a Board of Directors that provides oversight pertaining agency business and operations, there is an existing internal procurement policy that provides guidance on standard operating procedures, and the PABC has an audit done annually by an independent auditing firm to ensure that contracts are reasonable, competitive, and compliant with policy.

The proposed legislation would not have a significant fiscal impact on the City of Baltimore. Also, the \$25,000 threshold that would be extended to the PABC for contract approvals would be in alignment with current rules for City agencies.
