TO The Honorable President and Members of the City Council

Room 400 City Hall

February 8, 2016

I am herein reporting on City Council Bill 15-0600 Planned Unit Development – Amendment 2 – Greektown Redevelopment for the purpose of approving certain amendments to the Development Plan of the Greektown Redevelopment Planned Unit Development.

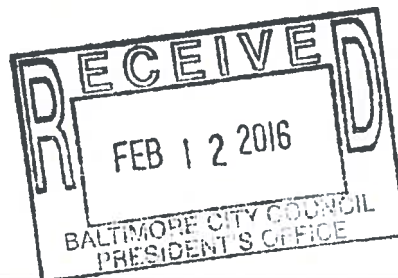

This bill would allow for the construction of 13 additional townhouses along Macon St., between O'Donnell St. and Dillon St.

The Department of Transportation has no objection to the passage of this bill but has two concerns about the proposed amendment. DOT would like to recognize that O'Donnell St. is a designated truck route. The location of the new homes was originally designated as a "buffer" area between the homes constructed as part of the original Planned Unit Development. Secondly, the developer will need to work with DOT on addressing to be determined curb cut designs for access to anticipated garages.

Thank you for the opportunity to comment.

Respectfully,

Judsey Wines for
William M. Johnson
Director
