RE: City Council Bill 12-0055-Residential Substance Abuse Treatment
Facilities

The Baltimore Police Department (BPD) has reviewed City Council Bill 12-0055-Residential Substance Abuse Treatment Facilities. The bill proposes to amend several sections of the Zoning Code to allow for residential substance abuse treatment facilities under certain circumstances.

The BPD has also reviewed the Department of Planning and Department of Law reports and is pleased to support this legislation. The Department will work with the Mayor's Office of Neighborhoods to coordinate and commutate on-going information about this legislation to city residents and neighborhood associations.

Thank you for the opportunity to comment on this legislation.
