**BACKGROUND**

The revenue category for this grant was incorrectly recorded as State funds as part of the FY26 budget, which was approved on June 23, 2025. The purpose of the Bill is to re-classify the allocation to Federal funds. The allocation will provide for the planning, preliminary engineering, and National Environmental Policy Act (NEPA) Study for the for the 2.4-mile Route 2 corridor between I-95 and the Anne Arundel County line, which includes the Hanover Street Bridge (formally known as the Vietnam Veterans Memorial Bridge). The scope also includes preliminary design and NEPA Study for the bridge itself.<sup>i</sup> Additional appropriations are permitted during the fiscal year when there are unanticipated grants, and each additional appropriation requires a separate ordinance limited to a single program, purpose, activity or project.<sup>ii</sup>

**ADDITIONAL INFORMATION**

**Fiscal Note:**

\$15,500,000 represents a grant from the Federal Highway Administration's Rebuilding American Infrastructure with Sustainability and Equity (RAISE) grant that will be made available to the Department of Transportation in Fiscal Year 2026. This Bill is a corrective action to re-classify the allocation from State funds to Federal funds. <sup>i</sup>

Re: City Council Bill 25-0123 – Supplementary Department of Transportation Project Fund Capital Appropriation – Department of Transportation – \$15,500,000

Dear President and City Council Members:

The Law Department reviewed City Council Bill 25-0123 for form and legal sufficiency. The bill provides a Supplementary Department of Transportation Project Fund Capital Appropriation in the amount of \$15,500,000 to the Department of Transportation – PRJ002913 (Hanover Street Corridor and Vietnam Veterans Memorial Bridge National Environmental Protection Act Study), to advance concept planning studies for multi-modal transportation improvements to a 30% Design. The bill would take effect on its date of enactment.

The submission to the Board of Estimates (BOE) regarding this supplementary capital appropriation states that the Board is requested to approve a de-appropriation of State funds for this project (PRJ002913-RC0603, -\$15,500,000) because the revenue category for the grant was incorrectly recorded as State funds in the Fiscal Year 2026 budget. The BOE was further requested to approve a supplementary appropriation (PRJ002913-RC0602, \$15,500,000) for this project from federal funds from the USDOT Rebuilding American Infrastructure with Sustainability and Equity (RAISE) grant.

The City attempted to appropriate funds in the amount of \$15,500,000 from a state source in the Ordinance of Estimates for Fiscal Year 2026 for this project. However, since the state did not provide funds for this project, the line in the Ordinance of Estimates attempting to appropriate money that was not marked for the project could not have effectuated an appropriation. This is because no City law can appropriate state funds for a project for which the state did not intend. MD Constitution, Art. 11-A, § 3. Therefore, no de-appropriation is needed. Even if state funds had been erroneously appropriated for this project, they would lapse and return to the General Fund by operation of law. City Charter, Art. VI, § 9(c)(3). The lapse is the Charter's built-in mechanism for de-appropriation.

Rather, the funds intended for this project are federal funds. Thus, Council Bill 25-0123 now seeks approval for a supplementary appropriation of the correct federal funds in the amount of \$15,500,000 to fund the project.

Council Bill 25-0123 cites as authority for the supplementary appropriation Section 8(b)(2)(ii) of Article VI of the City Charter. This section provides that grants from private or governmental sources that could not be expected with reasonable certainty at the time the Ordinance of Estimates was formulated may be made available to the appropriate municipal agency for expenditure. The bill states that the funds are from a grant of federal funds. The supplementary appropriation must be recommended by the Board of Estimates and approved by the Mayor and City Council via an ordinance. The ordinance must identify the source of the funds and may only involve a “single program, purpose, activity or project.” City Charter, Art. VI, § 8(c). The Law Department approves the bill for form and legal sufficiency.

Very truly yours,

Michele Toth  
Assistant Solicitor

MAYOR BRANDON M. SCOTT

<b>TO</b>	The Honorable President and Members of the Baltimore City Council
<b>FROM</b>	Laura Larsen, Budget Director 
<b>DATE</b>	January 5 <sup>th</sup> , 2026
<b>SUBJECT</b>	City Council Bills 25-0120, 25-0121, 25-0122, 25-0123, 25-0124, 25-0125 Supplementary Capital Appropriations

**Position: Support**

The Department of Finance is herein reporting on City Council Bills 25-0120, 25-0121, 25-0122, 25-0123, 25-0124, 25-0125 Supplementary Capital Fund Appropriations.

**Background**

The Baltimore City Charter authorizes agency capital spending based on the amount enacted in the Capital Improvement Program (CIP). The Department of Planning recommends appropriation transfers and supplementary appropriations when an agency receives unanticipated revenue, such as grants, or implements new programs that could not have been anticipated at the time the budget was developed. This supplementary appropriation is required to meet the Charter requirements.

- 25-0120- will fund broadband installation at public housing sites
- 25-0121- will fund capital improvements at the Convention Center
- 25-0122- will fund deconstruction and redevelopment of U.S. 40, known as the Highway to Nowhere
- 25-0123- will fund advance concept planning studies for multi-modal transportation improvements to a 30% Design for the Hanover Street Corridor and the Vietnam Veterans Memorial Bridge
- 25-0124- will fund the design of a segment of the Jones Falls Trail
- 25-0125- will support the South Baltimore Gateway Partnership's effort to design and construct the Smith Cove Project (SCP)

**Fiscal Impact**

**25-0120**

The revenue appropriated by this Ordinance represents revenue from the Housing Authority of Baltimore City (HABC). In Fiscal 2026, Baltimore City Information Technology (BCIT) did not have an appropriation for unallocated funds. However, HABC had excess revenue of \$13,650,000 in Capital funds. This bill will make \$13,650,000 available to BCIT, to provide funding for a Memorandum of Understanding between the City and the HABC to install broadband internet service at public housing sites

**25-0121**

The revenue appropriated by this Ordinance represents an excess revenue from the Maryland Stadium Authority (MSA). In Fiscal 2026, the M-R: Convention Center did not have an appropriation for unallocated State funds. However, the MSA received excess revenues of \$200,000 in State funds. This bill will make \$200,000 available to M-R: Convention Center for the capital improvements for the Convention Center.

#### **25-0122**

The revenue appropriated by this Ordinance represents a grant from the US Department of Transportation (USDOT) Reconnecting Communities Pilot (RCP) Program. The revenue category for this grant was incorrectly recorded as State funds as part of the FY26 budget, which was approved on June 23, 2025. This appropriation will correct the funding source for West Baltimore United.

#### **25-0123**

The revenue appropriated by this Ordinance represents a grant from the USDOT Rebuilding American Infrastructure with Sustainability and Equity (RISE) grant. The revenue category for this grant was incorrectly recorded as State funds as part of the FY26 budget, which was approved on June 23, 2025. This appropriation will correct the funding source for the Hanover Street Corridor and Vietnam Veterans Memorial Bridge National Environmental Policy Act (NEPA) Study.

#### **25-0124**

The revenue appropriated by this Ordinance represents a grant from the Maryland Department of Transportation (MDOT)- State Highway Administration (SHA) Transportation Alternatives Program (TAP). The revenue category for this grant was incorrectly recorded as State funds as part of the FY26 budget, which was approved on June 23, 2025. This appropriation will correct the funding source for the Jones Falls Gateway project.

#### **25-0125**

The revenue appropriated by this Ordinance represents a grant from the State. In Fiscal 2026, the Department of Planning did not have an appropriation for unallocated state funds. However, the Department of Planning received this grant for \$17,000,000 in State funds. This bill will make \$17,000,000 available to the South Baltimore Gateway Partnership, who will utilize these funds to support the design and construction of the Smith Cove Project (SCP).

#### **Conclusion**

These supplementary capital appropriations are required to authorize agency spending beyond the amount enacted in the Ordinance of Estimates and is necessary due to the availability of new revenue and incorrectly appropriated funds.

**For the reasons stated above, the Department of Finance supports City Council Bill 25-0120, 25-0121, 25-0122, 25-0123, 25-0124, 25-0125.**

TO	The Honorable President and Members of the Baltimore City Council
FROM	Tim Keane, Director, Department of Planning
DATE	November 24, 2025
SUBJECT	City Council Bill #25-0123

**Position:** Favorable

**Summary of position:** The Department of Planning supports a favorable position on CCB #25-0123 which will provide \$15,500,000 in Supplementary Department of Transportation Project Capital Project Fund Capital Appropriations to the Department of Transportation. This funding will support a National Environmental Protection Act Study for the Hanover Street Corridor and Vietnam Veterans Memorial Bridge (PRJ002913) to advance concept planning studies for multi-modal transportation improvements to 30 percent design.

**Fiscal Impact:** The fiscal impact of this supplemental funding is a decrease of \$15,500,000 in State Grants and an increase in \$15,500,000 in Federal Grants.

CITY OF BALTIMORE  
MAYOR BRANDON M. SCOTT

<b>TO</b>	The Honorable President and Members of the Baltimore City Council
<b>FROM</b>	Veronica P. McBeth, Director, Department of Transportation
<b>CC</b>	Mayor's Office of Government Relations
<b>DATE</b>	December 10, 2025
<b>SUBJECT</b>	25-0123 • Supplementary Department of Transportation Project Fund Capital Appropriation – Department of Transportation – \$15,500,000

**Position: Favorable**

**BILL SYNOPSIS**

The source of the \$15,500,000 allocated for PRJ002913 (Hanover Street Corridor and Vietnam Veterans Memorial Bridge National Environmental Protection Act Study) was erroneously labeled as State funding when, in actuality, it is Federal funding. Council Bill 25-0123 would simply rectify this discrepancy by re-classifying the origin of this allocation to Federal funds, which is needed to allow the Department to access and spend the funds.

The Hanover Street Corridor and Bridge Project is a grant project funded through the Federal Highway Administration's Rebuilding American Infrastructure with Sustainability and Equity (RAISE) Grant. This Project will provide for the planning, preliminary engineering, and National Environmental Policy Act (NEPA) Study for the 2.4-mile Route 2 corridor between I-95 and the Anne Arundel County line, which includes the Hanover Street Bridge (formally known as the Vietnam Veterans Memorial Bridge). The scope also includes preliminary design and NEPA Study for the bridge itself.

**SUMMARY OF POSITION**

This corrective bill is essential to facilitate the Department's use of this grant. Therefore, DOT requests a favorable report on Council Bill 25-0123.
