**ANALYSIS**

City Council Bill #12-0143 is the proposed conditional use legislation that is required in order to establish a homeless shelter for women and children at 1114 North Mount Street. This is a City owned property and the homeless shelter services are being provided by Saint Vincent de Paul of Baltimore. St. Vincent de Paul of Baltimore has been operating in Baltimore City since 1865.

St. Vincent de Paul of Baltimore offers 13 programs with services that include food, clothing, shelter, transitional and permanent housing, homeless day resources, employment training, adult education, emergency financial assistance, Head Start, and youth services. At the 1114 N. Mount Street address, St. Vincent de Paul of Baltimore has been operating Sarah's Hope – an emergency shelter for women and children. Sarah's Hope provides 24-hour emergency shelter, case management and other support services for homeless women and children in the Sandtown-Winchester area.

1114 North Mount Street is an old school that has been operating in varying capacities as a community resource center, providing a range of programs and services since the 1980's. The transition to a homeless facility occurred in 2008. There have been \$1 million in grant funds secured to do interior renovations to accommodate 33 families (75-90 people). The site has over 40 parking spaces.

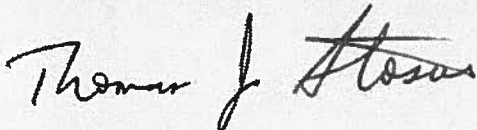

**Zoning Analysis:**

1. In the Baltimore City Zoning Code, Sarah's Hope (1114 N. Mount Street) comes under the Baltimore City Zoning category of a home for non-bedridden alcoholics or homeless persons: non-profit.
2. In an R-8 residential zoning district, this type of housing requires conditional use ordinance approval by City Council.
3. City Council Bill #12-0143, is the required legislation and if approved would authorize the operation of a homeless shelter at 1114 N. Mount Street.
4. No variances are sought with this proposal.

**Findings:** As per §14-204, conditional use requires findings on considerations of standards prescribed by §14-205. Staff finds that:

1. The establishment of a homeless living facility at 1114 North Mount Street, in terms of location, maintenance, and operation of the conditional use, will not be detrimental to or endanger the public health, security, general welfare or morals. The operation of a homeless shelter will not create undue stress on community resources and is consistent with the City Master Plan in providing housing choices for all people.
2. That the proposed use is not in any way precluded by any other law.
3. The authorization of this conditional use is not contrary to the public interest.
4. The authorization is in harmony with the purpose and intent of this article.
