

STEPHANIE RAWLINGS-BLAKE
Mayor

Friday, September 20, 2013

To the Honorable President and Members
of the Baltimore City Council
C/O Karen Randle
Room 400, City Hall

RE: City Council Bill 13-0122R

I am herein reporting on City Council Bill 13-0122R, introduced by Councilmembers Clarke, Henry, Kraft, Mosby, Middleton, Stokes, Cole, Scott, Welch, Reisinger, and President Young.

The purpose of the Resolution is to call on agencies leading up the City's expanded energy assistance efforts through the CREATES program appear before the Council to discuss CREATES and the new opportunities it will provide in Baltimore.

The Mayor's Office of Human Services will work to provide energy efficiency assistance, energy efficiency education and case management to assist households in the city. We will make every effort to ensure the public at large is well informed about the expanded opportunities through coordinated efforts with City Council and the other agencies.

The Community Action Partnership of the Mayor's Office of Human Services intends to appear before it to discuss the opportunities of the CREATES program, as requested.

Sincerely,

Lori Cunningham
Director, Community Action Partnership
