Dear Mr. Chair

I have been hearing news reports that CommuniCare Health is proposing to build a new Rehabilitation and Nursing facility in Grove Park. As part of the CommuniCare family, this can be a true asset to the community to ensure their loved ones remain in the community they have been a part of for many years and receive the care they deserve in their aging process. Communicare has demonstrated their commitment to care and dignity. I strongly support the Health and Rehabilitation Center in Grove Park.

Sincerely,

Currin, Marguerite (City Council)

Dear Chairman Costello,

My name is Amy Niles and I am a Regional Director of Operations with CommuniCare, assisting with the oversight of 11 facilities in Maryland, including 3 in Baltimore City. I've worked in long term care in the Baltimore area for about 20 years and I'm writing to express my strong support for CommuniCare's proposed site in Grove Park. I believe it's important that our city ensures that seniors have access to excellent medical care and support services, and a CommuniCare location in Grove Park will help us provide such. By building these types of facilities in our communities, we can help our seniors age in place with dignity right in their very own community. CommuniCare has demonstrated a commitment to partnering with Baltimore City and will serve as an important anchor in the Grove Park community and with its residents.
