Re: City Council Bill 16-0647 – Supplementary Conduit Enterprise Fund  
Capital Appropriation – Department of Transportation - \$2,000,000

Dear President and City Council Members:

The Law Department has reviewed City Council Bill 16-0647 for form and legal sufficiency. The bill provides a Conduit Enterprise Fund Capital Appropriation in the amount of \$2,000,000 to the Department of Transportation (account # 9950-903550-9509) to provide funding for resurfacing of neighborhood streets. The bill has an immediate effective date.

The City Charter establishes the circumstances that permit supplementary appropriations. Article VI, § 8(b)(2) provides for supplemental appropriations made possible from private or governmental resources which could not be expected with reasonable certainty at the time of the formulation of the proposed Ordinance of Estimates. This Charter provision permits such an ordinance to be passed only if the Board of Estimates recommends its adoption and the City Council passes the bill by a majority of its members and approved by the Mayor. City Charter Article VI, § 8(c) further requires that supplemental appropriations be embodied in a separate ordinance limited to a single purpose, program or activity. Section 8(c) also requires the bill to name the source of the revenue necessary to pay the appropriation, other than the property tax or taxes collected pursuant to Article II of the City Charter.

In compliance with the above requirements, the Law Department notes the Recitals of Council Bill 16-0647 state that the revenue appropriated by the bill was made possible by a governmental source which could not be expected with reasonable certainty at the time of the formulation of FY 2016 budget. The Recitals further state that the Board of Estimates recommended this appropriation to the City Council on March 16, 2016. Finally, the Recitals state that the revenue appropriated by this bill represents funds from specific revenue sources in excess of revenues relied upon in determining the tax levy and which do not include property tax revenue or any tax revenue collected pursuant to Article II of the City Charter.

*For w/ comments*

Given the above facts and discussion, the Law Department will approve Council Bill 16-0647 as drafted if the City Council passes the bill by three-fourths of its members and the approves it.

Very truly yours,
