**MEMO**

TO

DATE:  
July 1, 2011

The Honorable President and  
Members of the City Council  
Room 400, City Hall

Attention: Ms. Karen Randle

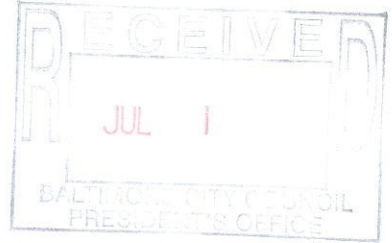

This bill establishes five traffic mitigation zones for managing traffic mitigation costs. Each zone will have a separate mitigation rate per generated trip. When construction within these zones occurs, the estimated trips generated from the new construction will be multiplied by the rate to determine the mitigation fee.

**Recommendation**

The unofficial reprint dated June 21st encompasses all of amendments recommended by the Department of Finance. The Department of Finance supports this bill
