The Honorable President and  
Members of the City Council  
City Hall, Room 400

December 16, 2021

**Position: Oppose**

The Mayor's Office of Children and Family Success (MOCFS) has been asked to respond to City Council Resolution 21-0173 introduced by Council President Mosby, Councilmembers Bullock, Middleton, Stokes, McCray, Conway, Schleifer, Costello, Glover, and Ramos.

**Background**

The Mayor's Office of Children and Family Success (MOCFS) has reviewed City Council Bill 21-0173 for the purpose of establishing the Baltimore City Home Repairs Grant Program; specifying the purpose of the Program; establishing eligibility criteria for the Program; specifying the assistance provided by the Program; defining certain terms; and generally relating to the Baltimore City Home Repairs Grant Program. The purpose of the program is to revitalize and stabilize Baltimore's Neighborhoods by providing grants for home repairs to eligible Baltimore City Homeowners.

**MOCFS Comments**

While the Mayor's Office of Family & Children Success does not currently support or provide specialized programs or services that would fall under the Baltimore City Home Repairs Grant Program, the agency does currently support assistance programs that positively impact the lives of children and families across Baltimore such as the water, energy and rental assistance programs.

Due to the experience and expertise that MOCFS has in supporting the above-mentioned assistance programs, the Office opposes this legislation due to the operational burden that would be incurred with added resources and staffing needs to assist with implementation. While MOCFS would not be responsible for implementation and therefore its own resources would not be affected, the office is highly knowledgeable in the commitment of staff, time, and resources needed to support successful assistance programs. MOCFS does not believe the legislation as written allows for the Department of Housing and Community Development to properly implement such a program without incurring additional duties which require significant increases in resources.

**The Mayor's Office of Children and Family Success thanks the Committee of the Whole for the opportunity to respond to Council Resolution 21-0173 and stands ready to answer any questions the committee may have.**

**Conclusion**

The Mayor's Office of Children and Family Success opposes this resolution.
