TO: The Honorable President and  
Members of the City Council  
Room 400 City Hall  
c/o Natawna Austin, Executive Secretary

The Baltimore City Office of Information and Technology (BCIT) has completed its review of Council Bill 23-0335 for the purpose of providing a Supplementary General Fund Capital Appropriation in the amount of \$1,250,000.00 to the Mayor’s Office of Information and Technology – PRJ001617 (914017 Enterprise IT Infrastructure), to provide funding for enterprise information technology infrastructure; and providing for a special effective date.

This supplemental appropriation of \$1,250,000 was committed from the surplus and is made available due to material change in circumstances since the Ordinance of Estimates for Fiscal Year 2023 was formulated. This funding will allow BCIT to provide conference rooms to agencies with hybrid capabilities, allowing for both in-person and virtual participation to occur.

We look forward to attending the hearing and answering any questions the Council may have.

If you have any questions, please contact Leyla Layman, Chief of Staff, at (443) 202-4511.
