Dear Marguerite Currin,

Please see the message below, and ensure that it is submitted as a public testimony on the 2021 BPD Budget Hearing:

I am writing as your constituent, a licensed social worker, and a member of Jews United for Justice to ask that you vote **NO** on the proposal to increase the Baltimore Police Department's budget. While I understand that City Council does not have the authority to re-allocate costs, it is fully within your power to cut funding, and I hope you will push for a significant reduction in the police budget. Cutting this funding would send a message about the Council's understanding that more policing **CLEARLY** does not reduce crime. More generative, not punitive, resources are needed in our neighborhoods.

The BPD should not receive more funding, especially at a time when it is clear that they do not protect Baltimore residents equally and other critical services are seeing cuts in funding.

Jews United for Justice supports the demands of Organizing Black and other partners in the Campaign for Justice, Safety and Jobs (CJSJ), and will continue to fight alongside them for the changes that must be made to root out racist, violent, and corrupt police practices and invest in meeting the basic needs of the people of our city.

Sincerely,  
Rebecca Armendariz

Dear Marguerite Currin,

Please see the message below, and ensure that it is submitted as a public testimony on the 2021 BPD Budget Hearing:

As you aware, there have been many calls across the nation to reexamine the funding and scope of programs in local law enforcement agencies. Having been someone who has trained law enforcement in best practices in responding to and investigation of interpersonal crimes, homelessness, and individuals in crisis, I believe that some funds should be reallocated away from traditional law enforcement departments to other agencies that have more appropriate and experienced personnel to respond to situations which should not be automatically criminalized.

I am writing as your constituent to ask that you vote NO on the proposal to increase the Baltimore Police Department's budget. While I understand that City Council does not have the authority to reallocate costs, it is fully within your power to cut funding, and I hope you will push for a significant reduction in the police budget.

Dear Marguerite Currin,

Please see the message below, and ensure that it is submitted as a public testimony on the 2021 BPD Budget Hearing:

I am writing as a member of Jews United for Justice to ask that you vote against the proposal to increase the Baltimore Police Department's budget. While I understand that City Council does not have the authority to re-allocate costs, it is fully within your power to cut funding.

The BPD should not receive more funding, especially at a time when it is clear that they do not protect Baltimore residents equally and other critical services are seeing cuts in funding.

Jews United for Justice supports the demands of Organizing Black and other partners in the Campaign for Justice, Safety and Jobs (CJSJ), and will continue to fight alongside them for the changes that must be made to root out racist, violent, and corrupt police practices and invest in meeting the basic needs of the people of our city.

Sincerely,

Mx. Melissa Kline

Dear Marguerite Currin,

As your constituent I urge you to vote NO on the proposal to increase the Baltimore Police Department's budget. Our tax dollars should be going towards building stronger and more vibrant communities in our beloved city and not towards further militarizing our police force.

Please push for a significant reduction in the police budget.

While I understand that City Council does not have the authority to re-allocate costs, it is fully within your power to cut funding.

Dear Marguerite Currin,

Since Freddie Gray's death at the hands of the Baltimore PD five years ago and the ensuing consent decree, the police have done nothing to make residents of Baltimore safer. When they're not ignoring crime, they're still as prejudiced and violent as ever. Crime has skyrocketed, the close rate on our record homicides is a national embarrassment, and our most vulnerable communities are still being unfairly targeted and profiled.

For these reasons, I am writing as your constituent and a member of SURJ to ask that you vote NO on the proposal to increase the Baltimore Police Department's budget. While I understand that City Council does not have the authority to re-allocate costs, it is fully within your power to cut funding, and I hope you will push for a significant reduction in the police budget.

I am writing as a member of Jews United for Justice to ask that you vote against the proposal to increase the Baltimore Police Department's budget. While I understand that City Council does not have the authority to re-allocate costs, it is fully within your power to cut funding.

The BPD should not receive more funding, especially at a time when it is clear that they do not protect Baltimore residents equally and other critical services are seeing cuts in funding.

Dear Marguerite Currin,

Please see the message below, and ensure that it is submitted as a public testimony on the 2021 BPD Budget Hearing:

While I understand that City Council does not have the authority to re-allocate costs, it is fully within your power to cut funding, and I hope you will push for a significant reduction in the police budget.

The BPD should not receive more funding, especially at a time when it is clear that they do not protect Baltimore residents equally and it has been proposed that other critical services have their budgets cut. We need to begin funding the Zero Waste plan by purchasing carts/bins for recycling and composting for every household. We also need more for public schools, substance abuse treatment, mental health, and other human services.

Thank you.

To whom it may concern:

It is deeply concerning to me as a resident of Baltimore City that the police force gets more money than all of the other Baltimore city general funds combined. Also I think that it is abhorrent that the BPD spends more on policing per person than NYC, Chicago or Detroit. Clearly it is NOT working. The police budget needs to be decreased and that money should be invested in Black and Brown neighbors and in community efforts.

Please do better,  
Jenni Hercek

Dear Budget and Taxation Committee and Staff,

I'm writing today to urge you to reduce the Baltimore Police Department's budget for FY21 and instead, invest money in infrastructure, healthcare, education, housing, and other social services for Baltimore's black communities. I love this city and it breaks my heart to see police continually funded and protected from the consequences of abusive actions by the Law Enforcement Officers' Bill of Rights, while city residents are neglected and abused.

I would like my comments included in the file for the police budget hearing.

Thank you for your time,

Dear Baltimore City Health Committee Marguerite Currin,

As a resident of Baltimore, I'm disappointed to see that the proposed FY2021 budget includes increased funding for the Baltimore Police Department at the expense of other services. We must increase funding for programs that will improve public health and protect us from climate change instead, and provide beloved and desperately needed services to our neighbors: from recreational programming to Complete Streets implementation, from redeveloping affordable homes and housing our homeless neighbors to investing in the zero waste infrastructure that can allow us to close BRESKO. To the City Council: I know that you cannot modify the budget and can only cut. Please cut funding to the police department. To Mayor Young: please reallocate that money to Transportation, Recreation and Parks, Health, Housing, and other departments that will help us build a healthier, safer, and more climate-resilient Baltimore.

Sincerely,  
Evelyn Sanchez

Dear Baltimore City Health Committee Marguerite Currin,

As a resident of Baltimore, I'm very disappointed to see that the proposed FY2021 budget includes increased funding for the Baltimore Police Department at the expense of other services. We must increase funding for programs that will improve public health, reduce racial and socioeconomic barriers, provide improved social services to those in need, and protect our environment instead. The city needs to focus its budget on providing desperately needed services to our neighbors: from recreational programming to Complete Streets implementation, from redeveloping affordable homes and housing our homeless neighbors, from health care and food security to the underserved, from job training and placement for the disenfranchised, to investing in the zero waste infrastructure that can allow us to close BRESKO. To the City Council: I know that you cannot modify the budget and can only cut. Please cut funding to the police department. Dear Baltimore City Health Committee Marguerite Currin,

As a resident of Baltimore, I'm HORRIFIED to see that the proposed FY2021 budget has not been adjusted at short notice in the face of the uprising against police violence, to REDUCE funding for the Baltimore Police Department and INCREASE other badly needed human services. We MUST increase funding for programs that will improve public health and protect us from climate change, and provide beloved and desperately needed services to our neighbors: from recreational programming to Complete Streets implementation, from redeveloping affordable homes and housing our homeless neighbors to investing in the zero waste infrastructure that can allow us to close BRESKO.
