TO

The Honorable President and Members
of the City Council
c/o Karen Randle
Room 400 City Hall

June 19, 2014

I am herein reporting on City Council Bill 14-0401, Supplementary General Fund Operating Appropriation – Department of Transportation - \$818,461. This bill provides a supplemental appropriation of \$818,461 to Service 683, Street Management, to provide funding for additional operating expenses.

The Department of Transportation (DOT) supports this bill.

During Fiscal 2014, Baltimore City and other counties within the state of Maryland experienced a greater number of winter storms and winter weather events than in the previous three years. Due to the combination of cold temperatures and precipitation, Baltimore City and other counties identified a significant number of potholes on local roadways. The state of Maryland passed the Supplemental Budget No. 1, which grants supplemental funding in support of Baltimore City and other Maryland counties to assist with pothole repair. Funding is provided through a supplement to the City's Fiscal 2014 Highway User Revenues.

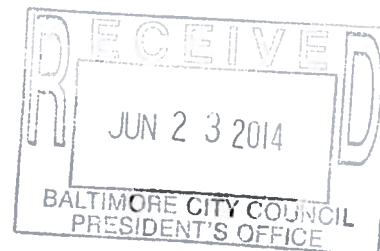

Thank you for this opportunity to comment.

Respectfully,

William M. Johnson
Director
