To: President and Members
of the City Council
c/o 409 City Hall

February 13, 2015

The Baltimore City Health Department (BCHD) is pleased to have the opportunity to review Council Bill 15-0467-. The purpose of this bill is to correct agency references rendered obsolete by Charter amendments that have reallocated various powers and duties among these agencies; repealing certain obsolete or obsolescent provisions related to these and other units of City government; correcting, clarifying, and conforming the language of related provisions; and generally relating to the administration and regulation of public works, surveys, public and private streets, highways, rights-of-way, transit and traffic, and general services.

This bill provides that applications to the Building Official for circuses and carnivals will be forwarded to the Health Commissioner for review. It also provides that DPW, DOT and Animal Control must report to the Health Commissioner on animal carcasses that the Commissioner specifies by rule or regulation. BCHD has no objections to the proposed bill as written.
