CONFORMITY TO PLANS

The proposed action is consistent with the Mondawmin Transit Station Urban Renewal Area Plan and the Mondawmin Mall Planned Unit Development. This project is consistent with the goals and objectives of the Mondawmin Transit Station Urban Renewal Plan. Also, this project is in conformance with the following Goals, Objectives, and Strategies of Baltimore City's Comprehensive Master Plan: LIVE Section, Goal 2, Objective 3 (Promote Transit Oriented Development and mixed-use development to reinforce neighborhood centers and Main Streets).

ANALYSIS

The proposed street closing is a portion of Monroe Street that is currently used for traffic exiting the mall parking lot onto Monroe Street. The proposed street closing is being requested in order to facilitate the construction of a realigned parking lot resulting from the land swap for the Mondawmin Mall Expansion between Mondawmin Business Trust, Northwest Associates and Mass Transit Administration. The closed portion of Monroe Street will be used to increase the amount of parking spaces, some of which were lost due to the expansion of the Mall, for the Mondawmin Mall Transit Station.

The applicant has an agreement with the property owner bordering the proposed street closing. It is staff's opinion that this portion of Monroe Street is not needed to provide access to adjacent properties and that it can be closed, declared surplus right-of-way, and be disposed of.

The following items have been considered as part of staff's review of this project:

- **Site Plan:** The overall site plan has been reviewed and approved by the Site Plan Review Committee (SPRC). This site plan shows the existing mall, the new retail sites, MTA Transit Center, Motor Vehicle Administration and a Future Parcel B.
- **Forest Conservation Requirements:** A landscape plan for this action was not required. A landscape plan for the PUD was submitted and approved. The landscape plans shows trees planted in the parking lot and along the ring road and entrance area.
- **Zoning Code Requirement:** A Planned Unit Development (PUD) for this property was approved on June 12, 2006
