OF BALTIMORE CITY  
**AUTHORITY**

I am herein reporting on City Council Bill 14-0349 introduced by Councilmembers Mary Pat Clarke and William "Bill" Henry.

The purpose of this bill is to establish a new, statutory Residential Permit Parking Program Area for the unit blocks of St. Martin's Road and East Bishops Road, to be known as the "Guilford Area"; providing the Area's hours of operation and parking durations for non-permit holders.

The Baltimore City Parking Authority does not oppose the passage of City Council Bill 14-0349.
