BACKGROUND

Current Law

Article 32– Zoning, Sections 5-201(a), 5-501, 5-508, 14-331, 9-301 (Table 9-301), and 9-401 (Table 9-401) Baltimore City Revised Code (Edition 2000) The City Council must consider the following when evaluating changes to the text of the City’s Zoning Code:

1. The amendment’s consistency with the City’s Comprehensive Master Plan;
2. Whether the amendment would promote the public health, safety, and welfare;
3. The amendment’s consistency with the intent and general regulations of this Code;
4. Whether the amendment would correct an error or omission, clarify existing requirements, or effect a change in policy;
5. The extent to which the amendment would create nonconformities.

To grant a variance, the City Council must find that, “because of the particular physical surroundings, shape, or topographical conditions of the specific structure or land involved, an unnecessary hardship

or particular difficulty, as distinguished from a mere inconvenience, would result if the strict letter of the applicable requirement were carried out.” The City Council must also make seven other findings:

1. The conditions on which the application is based are unique to the property for which the variance is sought and are not generally applicable to other property within the same zoning classification.
2. The unnecessary hardship or practical difficulty is caused by this Code and has not been created by the intentional action or inaction of any person who has a present interest in the property.
3. The purpose of the variance is not based exclusively on a desire to increase the value or income potential of the property.
4. The variance will not: a. be injurious to the use and enjoyment of other property in the immediate vicinity; or b. substantially diminish and impair property values in the neighborhood.
5. The variance is in harmony with the purpose and intent of this Code.
6. The variance is not precluded by and will not adversely affect: a. any Urban Renewal Plan; b. the City’s Comprehensive Master Plan; or c. any Historical and Architectural Preservation District.
7. The variance will not otherwise: a. be detrimental to or endanger public health, safety, or welfare; or b. be in any way contrary to the public’s interest.

Bill Summary

Bill 25-0073 grants permission for property known as 1100 Wicomico Street to be converted to a Banquet Hall.

The property is an eight-story, 400,000 square-foot brick industrial building and a four-story, 258-space parking garage located in the Pigtown neighborhood and in the Carroll-Camden Urban Renewal Plan.

The plan has received a letter of support from the Carroll Camden Business Association.

Variances

The Planning staff reports that this bill requires a variance to accommodate the proposed conditional use at 1100 Wicomico Street for off-street parking; however, with the passage of 25-0065, this should not be necessary

The requested variances will not negatively impact the goals of the Urban Renewal Plan or the Comprehensive Master Plan. The variances will not be detrimental to public health, safety, or welfare, nor contrary to the public interest.

Re: City Council Bill 25-0073 – Zoning – Conditional Use Conversion to a Banquet Hall
in the IMU-1 Zoning District – Variances – 1100 Wicomico Street

Dear President and City Council Members:

The Law Department reviewed City Council Bill 25-0073 for form and legal sufficiency. The bill would permit, subject to certain conditions, the establishment, maintenance, and operation of a banquet hall on the eighth floor of the property known as 1100 Wicomico Street (Block 0811, Lot 060), and grant a variance from off-street parking requirements. The ordinance would take effect 30 days after the date of its enactment.

Conditional Use Standards

Banquet halls are permitted as a conditional use if approved by ordinance in the I-MU1 Zoning District. Baltimore City Code, Art. 32, Table 11-301. To approve a conditional use, the City Council must find:

1. the establishment, location, construction, maintenance, or operation of the conditional use would not be detrimental to or endanger the public health, safety, or welfare;
2. the use would not be precluded by any other law, including an applicable Urban Renewal Plan;
3. the authorization would not be contrary to the public interest; and
4. the authorization would be in harmony with the purpose and intent of this Code.

Baltimore City Code, Art. 32, § 5-406(b). In making these findings, the City Council must be guided by fourteen “considerations” involving such things as the “nature of the surrounding area and the extent to which the proposed use might impair its present and future development,” “the character of the neighborhood,” and “the resulting traffic patterns and adequacy of proposed off-street parking.” Baltimore City Code, Art. 32, § 5-406(a).

Variance Standards

Council Bill 25-0073 contains a request for a variance from off-street parking requirements. Required off-street parking for a banquet hall is “1 per 10 persons of fire-rated capacity.” Baltimore City Code, Art. 32, Table 16-406.

To grant a variance, the City Council must find that, “because of the conditions peculiar to the property, including particular physical surroundings, shape, or topographical conditions of the specific structure or land involved” or “because of exceptional circumstances related to the specific structure or land involved,” a practical difficulty, as distinguished from a mere inconvenience, would result from a strict application of the law’s requirements. Baltimore City Code, Art. 32, § 5-308(a). The City Council must also make six other findings:

1. the practical difficulty is caused by this Code and has not been created by the intentional action or inaction of any person who has a present interest in the property;
2. the purpose of the variance is not based exclusively on a desire to increase the value or income potential of the property;
3. the variance will not:
 - i. be injurious to the use and enjoyment of other property in the immediate vicinity; or
 - ii. substantially diminish and impair property values in the neighborhood;
4. the variance is in harmony with the purpose and intent of this Code;
5. the variance is not precluded by and will not adversely affect:
 - i. any Urban Renewal Plan;
 - ii. the City’s Comprehensive Master Plan; or
 - iii. any Historical and Architectural Preservation District; and
6. the variance will not otherwise:
 - i. be detrimental to or endanger the public health, safety, or welfare; or
 - ii. be in any way contrary to the public interest.

Baltimore City Code, Art. 32, § 5-308(b). It is important to note that all of these criteria must be found, in addition to a finding of practical difficulty. Baltimore City Code, Art. 32, § 5-308(a). The City Council must evaluate a request for a variance based on evidence presented at a public hearing. Baltimore City Code, Art. 32, § 5-305(a).

Planning Commission Recommendations

The site on which approval for the banquet hall is sought is an eight story industrial building with an attached four story parking deck. The banquet hall is planned for the eighth floor which is approximately 50,000 square feet. The banquet hall will be used intermittently for corporate and other events. Current building uses include light industrial, office, art studios, and light food processing. The site is located in the Pigtown neighborhood statistical area and the Carroll-Camden Urban Renewal Plan area. The property lies between residential neighborhoods and heavier industrial areas. Use of a portion of the property as a banquet hall is not inconsistent with “the Southwest Partnership Vision Plan (2015) or the City’s Comprehensive Plan (2024).”

With respect to the requested parking variance, Planning staff notes that the attached parking deck may provide adequate parking so that the variance will not be needed. The Fire Department will confirm this. Planning staff also noted that approval of the banquet hall would provide some economic development to the area. A PUD currently exists for this industrial building. The PUD was needed in the past to permit several uses that were not allowed under the then existing zoning code. The zoning code has since been changed and the uses are all allowed under the current zoning designation of the building. A companion bill, CB 25-0074, seeks repeal of the PUD since it is no longer needed. Planning staff recommended approval of the PUD repeal.

The Planning Commission accepted the Planning Staff recommendation and recommended approval of this bill.

Hearing Requirements

Certain procedural requirements apply to this bill beyond those discussed above because an ordinance that authorizes a conditional use or a variance is considered a “legislative authorization.” Baltimore City Code, Art. 32, § 5-501(2)(i) and (ii). Specifically, notice requirements apply to the bill, and the bill must be referred to certain City agencies which are obligated to review the bill in a specified manner. Baltimore City Code, Art. 32, §§ 5-504, 5-506, 5-602. Finally, certain limitations on the City Council’s ability to amend the bill apply. Baltimore City Code, Art. 32, § 5-507.

The bill is the appropriate method for the City Council to review the facts and make the determination as to whether the legal standards have been met for a conditional use and for a variance, if needed. Assuming the required findings are made at the hearing, and all procedural requirements are satisfied, the Law Department can approve the bill for form and legal sufficiency.

CONFORMITY TO PLANS

The proposed action would not be inconsistent with any goal or objective of the Southwest Partnership Vision Plan (2015) or the City's Comprehensive Plan (2024).

ANALYSIS

Background: The proposed conditional use approval for a banquet hall on the 8th floor is for the purposes of using this space as a rentable venue for gatherings and events.

Conditional Use: Banquet halls are listed as a conditional use in the IMU-1 industrial mixed-use district (Article 32 - *Zoning*, Table 11-301), subject to a council ordinance.

The conditional use approval standards are below. The proposed conditional use won't pose any harm to the community under the approval standards. The 8th floor space and the building are suited to this use and events will be held intermittently.

§ 5-406. Approval standards.

(a) *Evaluation criteria.*

As a guide to its decision on the facts of each case, the Board of Municipal and Zoning Appeals or the City Council must consider the following, where appropriate:

- (1) the nature of the proposed site, including its size and shape and the proposed size, shape, and arrangement of structures;
- (2) the resulting traffic patterns and adequacy of proposed off-street parking and loading;
- (3) the nature of the surrounding area and the extent to which the proposed use might impair its present and future development;
- (4) the proximity of dwellings, churches, schools, public structures, and other places of public gathering;
- (5) accessibility of the premises for emergency vehicles;
- (6) accessibility of light and air to the premises and to the property in the vicinity;
- (7) the type and location of adequate utilities, access roads, drainage, and other necessary facilities that have been or will be provided;
- (8) the preservation of cultural and historic landmarks and structures;
- (9) the character of the neighborhood;
- (10) the provisions of the City's Comprehensive Master Plan;
- (11) the provisions of any applicable Urban Renewal Plan;
- (12) all applicable standards and requirements of this Code;
- (13) the intent and purpose of this Code; and
- (14) any other matters considered to be in the interest of the general welfare.

(b) *Limited criteria for denying.*

The Board of Municipal and Zoning Appeals or the City Council, may not approve a conditional use or sign unless, after public notice and hearing and on consideration of the standards required by this subtitle, the Board or Council finds that:

- (1) the establishment, location, construction, maintenance, or operation of the conditional use or sign would not be detrimental to or endanger the public health, safety, or welfare;

- (2) the use or sign would not be precluded by any other law, including an applicable Urban Renewal Plan;
- (3) the authorization would not be contrary to the public interest; and
- (4) the authorization would be in harmony with the purpose and intent of this Code.

Parking: One off-street parking space per ten persons of fire-rated capacity are required for the banquet hall (Article 32 – *Zoning*, Table 16-406). This property contains an off-street parking garage with 258 spaces, but the required amount of parking for the building must be determined by the Fire Department. If the number of parking spaces required exceeds the number of parking spaces provided on the property, a parking variance will need to be included in the bill. The owner is currently working on the fire capacity with the fire department.

Equity: The proposed conditional use would support the surrounding community in the short and long term by providing a space for community members and organizations to host events. Additionally, utilizing the space in this way will benefit local economic development and bring more people to the area. The proposed conditional use will require no additional staff time or resources.

Notification: The Carroll Camden Business Association, Citizens of Pigtown, and Southwest Partnership have been notified of this action.

Re: Letter of Support for Conditional Use Zoning Change for 1100 Wicomico Street

Councilwoman Porter:

The Carroll Camden Business Association (CCBA) is pleased to provide this letter of support for the purpose of allowing the Conditional Use Zoning for the 8th Floor of the property known as 1100 Wicomico Street (Block 0811, Lot 060) as a Banquet Hall by TTV Wicomico, LLC.

The business is an accomplished development group that is working with our community to invest in projects to grow and support our neighborhood. Their team has attracted several quality businesses to this property already, and this will allow them to continue to grow the opportunities and offerings in this building. The 8th Floor is currently vacant and this conditional approval would allow it to be put into a productive and beneficial use for the property and our business district.

Thank you for your consideration and continued support of our area.

Sincerely,
