Executive Memo

To: The Honorable City Council President Nick J. Mosby; Baltimore City Council

From: Shamiah T. Kerney, Chief Recovery Officer

CC: Mayor Brandon M. Scott; Faith Leach, Chief Administrative Officer

Date: November 7, 2023

Re: American Rescue Plan Funds – Performance Oversight Council Bill 21-0121 Monthly Report

Background

This memorandum accompanies the City of Baltimore Mayor's Office of Recovery Program's submission of its monthly report to the City Council on spending and performance related to American Rescue Plan Act (ARPA) funding. Specifically, Council Bill 21-0121 § 49-2(B) prescribes the elements of legislatively required reporting, which stipulates that monthly reports should:

- 1) Provide data and metrics regarding how the funds have:
 - I. Increased the effectiveness of city government services;
 - II. Broadened the reach of city government services;
 - III. Made city government services more efficient;
 - IV. Made city government services more sustainable

- 2) Identify key performance indicators, benchmarks, and targets related to:
 - I. Equity, as defined in Article 1, § 39-1 of the Baltimore City Code;
 - II. Population Growth;
 - III. Labor and Employment;
 - IV. Economic Growth, especially the growth of minority and women-owned businesses; and,
 - V. Community Benefit

Commitments and Expenditures

At the end of September, the Mayor's Office of Recovery Programs has committed \$641.1 million in ARPA funds to City agencies, quasi-governmental organizations, and nonprofits to advance priority initiatives for the benefit of Baltimore City residents. Through September 2023, about \$135.4 million dollars has been spent on ARPA-funded projects (See Table 1), accounting for about 20% of the current commitments and of the city's \$641M total ARPA allocation.

Commitments

Table 1 lists ARPA commitments totaling \$641,170,126, the full Baltimore City ARPA allocation. Expenditures total \$135,432,901 through September 2023.

Notes: Commitment and expenditure data through September 2023. For additional information on the planned programming of budget stabilization funds, please see the appendix. The total commitment amount for BCIT is \$35 million. About \$4.4 million of this commitment was provided to Enoch Pratt Libraries for digital equity initiatives, which is also reflected in this table. Pending projects denotes financial commitments for projects that do not yet have a finalized budget.

Recovery Office Accomplishments

The Mayor's Office of Recovery Programs directly awarded ARPA funding to 45 nonprofit organizations. As of September 2023, all 45 nonprofits have received disbursements totaling \$17.8M. See Table 1 for information on total disbursements to nonprofits. In addition, some highlights of select nonprofit activities in September are as follows:

- Baltimore City Community College's Refugee Youth Program is in the process of expanding to two new sites: Armistead Gardens Elementary/Middle School and Digital Harbor High School. Potential staff members have already been interviewed for Armistead Gardens, with programming slated to start in the coming months.

- No Boundaries Coalition had a 100% pass rate for students who sat for the ServSafe Manager’s Exam. Additionally, No Boundaries Coalition held a Program Open House on September 16.
- In September, Pro Bono Resource Center (PBRC) began offering recurring monthly clinics at the Bon Secours Community Resource Center in West Baltimore, in addition to monthly estate planning clinics that rotate around the city. PBRC also offers foreclosure prevention counseling, and deed counseling. Thus far, many clients have sought deed counseling to help ensure they have proper title to their home.

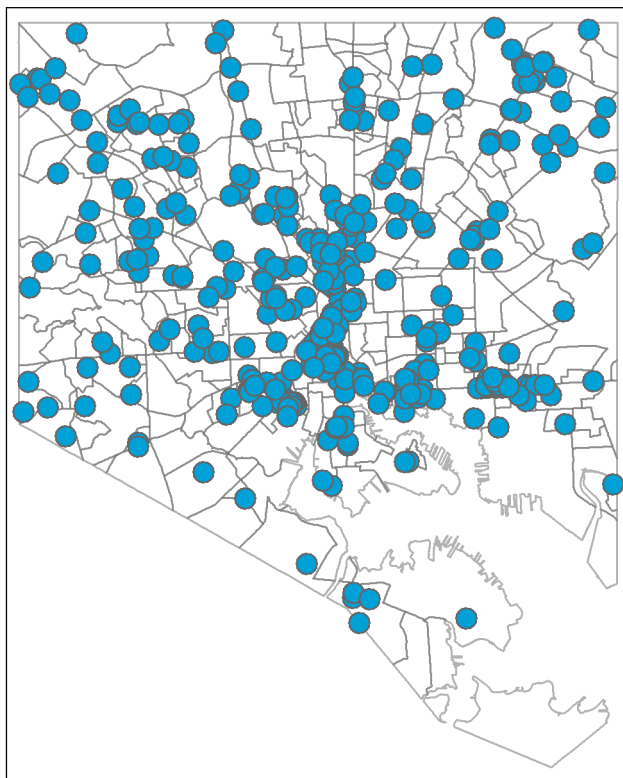

In addition, the Recovery Office continues to provide technical assistance to all funded city agencies, quasi government agencies and nonprofits as well as coordinating with centralized functions such as legal, procurement and finance to facilitate timely disbursements and expenditures.

Subawardee Accomplishments

Economic Recovery Fund

There have been 1,039 grants awarded, totaling \$18,441,420, from Economic Recovery Fund fiscal agents to beneficiaries, including nonprofits and small businesses (See Appendix for a complete list of organizations). Four out of five fiscal agents have completely disbursed grant funds. The fifth fiscal agent—Baltimore Development Corporation (BDC)—continues to disburse grants to its subrecipients. The map below indicates the location of all organizations funded by BDC through September 2023. A map including the locations of other Economic Recovery Fund recipients can be found on the Recovery Office [dashboard](#).

Figure 1: Organizations Funded by Baltimore Development Corporation

Note: Map reflects organizations funded in Rounds 1 and 2 through September 2023.

Baltimore Development Corporation (BDC) Economic Recovery Assistance

BDC processed a limited number of first and second checks – totaling 7 checks. The low number of disbursements are attributed to staff turnover. BDC created and posted for a new Small Business Grant Coordinator position which will be filled in October and reposted for the Grants Compliance Director. In addition, BDC is coordinating with the Recovery Office to identify other potential solutions to expedite check disbursement.

Table 2: New BDC Disbursements Made to Grant Awardees

Organization	Industry	Amount Received
Command Health & Wellness Center LLC	Health Care Clinic	\$25,000
Diaspora Salon, LLC	Personal Services	\$10,000
Total		\$35,000

City Agencies Accomplishments

Baltimore City Recreation and Parks (BCRP)

The initial informal bid for the Gwynns Falls Trail project is being advertised by Procurement. The Towanda and Coldstream pool project bid packets are under review by the Law Department and are targeted to be posted in the Fall/Winter 2023. The Gardenville Recreation Center is at 90% Construction Documents and tracking to bid for construction in Winter 23/24. The South Baltimore Recreation Center (formerly known as Curtis Bay) finalized schematic design and is progressing through design development. BCRP has ordered equipment for eight playgrounds to be installed in Fall 2023, pending favorable weather. A groundbreaking ceremony was held at the Indiana Avenue Playground on September 25th and the installation will be completed in two weeks. Lastly, BCRP conducted a community meeting for the South Baltimore Recreation Center on September 26th.

Baltimore City Health Department (BCHD)

The BCHD testing team has coordinated with 5-6 food pantries to go-live with test kit distribution. BCHD has also collaborated with Enoch Pratt Free Library to continue test kit distribution at several branch locations. BCHD will continue test kit distribution program beyond December 2023.

The BCHD Food Insecurity team launched a specialized food program last month that reached Spanish-speaking communities in partnership with City of Refuge and Mera Kitchen Collective.

BCHD conducted 10 mobile vaccination clinics and administered 51 vaccinations.

Broadband and Digital Equity (BDE)

BDE did not submit its required monthly status report.

Mayor's Office of Homeless Services (MOHS)

The application for the Housing Accelerator Fund opened on October 20, 2023 and will close on November 20, 2023. The Recovery Office also executed an Interagency Agreement with MOHS to fund Code Blue winter shelter costs at two hotels and lease extensions at two hotels that began serving as non-congregate shelters during the COVID-19 public health emergency.

Mayor's Office of Neighborhood Safety and Engagement (MONSE)

Victim Services

The extended Coordinated Neighborhood Stabilization Response (CNSR) in Brooklyn brought countless examples of inter-agency and cross-community partnerships from trusted groups across Baltimore City. For its part, MONSE's Victim Services team helped facilitate a new partnership between two organizations engaging in this critical work: City of Refuge and Turnaround, Inc. City of Refuge is a trusted face within the Brooklyn community, delivering services and support to sex workers who live and work in South Baltimore. MONSE helped connect ARPA-funded Intimate Partner Violence support center, Turnaround Inc., with the City of Refuge team to develop a more coordinated approach for street outreach, ensuring maximum coverage and mutual support during community engagement efforts.

Finance

As part of MONSE's ongoing work with BPD's community collaboration division, the grant review team convened on the Neighborhood Policing Plan (NPP) competitive award for Fiscal Year '24. Those announcements will be made in the coming month alongside other 7th round ARPA awardees.

Neighborhoods

MONSE continues to facilitate bi-weekly meetings for NPPs with community stakeholders, providing a space where partners can share resources, knowledge, needs, and plans for future community engagement activities. Additional time and care are also taken to ensure consistent communication with grantees throughout the performance period.

With the end of the CNSR effort in the Brooklyn community, MONSE conducted a preliminary post-response analysis of the community, which revealed a 77.8% decrease in 311 calls and a 119.7% increase in 911 calls 30 days after the stabilization, implying a significant number of 311 requests were resolved during the stabilization and that residents may feel a higher sense of security with calling 911. In addition, many of the needs outlined by individual residents during initial and/or subsequent assessments were met by the time CNSR staff conducted follow-up. As the stabilization period ends, MONSE is actively working with community stakeholders to ensure a smooth transition of access points and resource support for Brooklyn residents.

Narcan recorded training went live for City employees and is accessible through Workday, leaving more time for training staff to engage in more community trainings.

Group Violence Reduction Strategy (GVRS)

On September 29th, YAP case management formally introduced a report card system for service providers to track participant progress. This report card will give providers a space to detail the overall time/frequency that individuals receive services, as well as their date(s) of completion. The report card will also be used to track the length of time it takes an individual to accomplish their goals, or successfully obtain services (once referred). These reports will also be used to inform future key performance indicators and other performance metrics, including rate and areas of success.

Working in collaboration with the State Attorney's Office, MONSE recently implemented several new criteria for case management to monitor, track, and report. These new data points will make it easier to maintain up-to-date records of criminal charges, case status, and bail review for individuals arrested under GVRS. In addition, the team recently submitted its first three transitional employment participants through MOED. With the recruitment process in place, MONSE can now take steps to further develop the program and monitor the success of participants to ensure their transition is a sustainable success. ARPA funds will be allocated for

individual participant salary during this transitional period, after which time they will transition to full-time employment with their respective employer.

Community Violence Intervention (CVI)

The last of this year's Safe Summer events were held throughout the month of September, marking another successful season of pool parties, barbecues, and other programming events specifically organized for Baltimore City youth. On hiring - 22 candidates were considered in the second round of vetting for open Safe Streets vacancies.

Mayor's Office of Immigrant Affairs (MIMA)

Baltimore New Americans Access Coalition (BNAAC)

Lutheran Immigration and Refugee Services (LIRS) hired and continues to on-board a Program Officer for BNAAC who will assist with Technical Assistance, Training and Database Support. Esperanza Center and LIRS Welcome Center each hired one benefit navigator, and on-boarding is in progress. MIMA anticipates hiring the remaining three vacancies in November 2023. MIMA began collecting BNAAC success stories from the field this month and successes include timely assistance with public benefit applications prevented utility shut off for a family, assisting multiple families overcome utility debt and weather financial strain, and facilitated access to WIC, ACP, SNAP and food banks.

Language Access

In September, MIMA worked with BCIT and the Digital Services team to provide input on language access-related features for the website redesign. These included global design elements to notify site visitors of the availability of language assistance services, advising on the use of machine translation, and leading a session with the Web Community of Practice on best practices for developing accessible web content. The Language Access Coordinator also worked with the Bureau of Procurement to re-establish the contract for translation services, which was approved by the BOE on October 18, 2023.

Department of Housing and Community Development (DHCD)

Uplands Redevelopment

Construction continues for the Uplands Redevelopment project which consists of three phases:

- Infrastructure – 82.1% complete
- IIA Multifamily – 28.9% complete
- IIB Multifamily – 42.5% complete

Impact Investment Areas

The application for developer incentives opened on September 18th and the application portal will remain open until all funds have been exhausted.

The agency has received 476 applications for homeowner incentives throughout the IIAs. Funding will be disbursed after application review and approval.

Permitting Software Replacement

The Master Agreement with the new software vendor was approved by the Board of Estimates on September 20th. The city has begun the process to replace its Permitting and Inspections systems. The project kickoff was held on Friday October 6th. The kick-off meeting included attendance by both internal and external stakeholders, and a road map for the development

and launch of the new system presented by the vendor. The buildout will take approximately 14 months with a tentative launch scheduled for December 2024.

Department of Planning (DOP)

CLEAN CORPS

Approximately 80 Clean Corps members participated in a job fair in which participants were able to speak with employers regarding permanent employment. In October, the Clean Corps program participated in the Mayor's Fall Cleanup.

Over the last reporting period 124 total tons of trash were collected and disposed. During the month of September only 38 tons were collected and disposed which represents the lowest amount to date since DOP began tracking this information. The data point suggests a decline in illegal dumping.

FOOD INSECURITY

Online SNAP

The Online SNAP team has been participating in community engagement events to educate residents on healthy food choices and other food resources available in the city. Community events including Enoch Pratt's Digital Equity Fair Laptop Distribution Event and several HABC events have connected attendees to online SNAP registration Resident Food Equity Advisors. The team is also in the process of interviewing residents for the next Resident Food Equity Advisory cohort which involves talking to residents about their SNAP experience (including online), food insecurity in Baltimore, and their involvement with food programs in the city of Baltimore.

Produce Rx

As a result of DOP's partnership with First Fruits Farm, participants have been offered a wider variety of fresh produce in addition to recipes and preparation tips to accompany the foods they select from the pantry. A new inventory system was implemented which provides increased accuracy for participant produce selection tracking each visit.

Urban Agriculture

The Farm Alliance has been working with city council members on community engagement and outreach. DOP has been a partner in receiving feedback for the farm incubator's site plan. BCRP has a scheduled visit to discuss site design and progress on the incubator's leasing agreement.

Farmers Market Incentives

The Maryland Market Money (MMM) currently implements e-incentives at 2 markets: Agrihood Baltimore and Agrihood Baltimore Druid Hill. The team is also working to expand incentives to other markets in the city and strengthen older adult outreach. MMM has been in contact with BCHD's Division of Aging to develop community engagement efforts for older adults.

Produce Boxes

Site visits of all 32 sites have been ongoing for the past year. Baltimore Corp fellows and Food Access Planners will be ending the site visits at the end of the October. These site visits have been an invaluable component of the work because the team was able to obtain real-time feedback from the community. The meetings also provide visibility into operational nuances at each site as they strategically work to serve the specific needs of community.

Department of General Services (DGS)

Baltimore Police Department (BPD) Fleet

Fifty of the 100 ARPA funded BPD Fleet vehicles have been built. Out of those 50 vehicles built, 16 have been received at DGS-Fleet. The remaining 50 are pending.

Department of Public Works (DPW) Load Packers

DGS Fleet ordered 20 Load Packers in June 2023 for DPW. This will help DPW reach its goal of reinstating weekly recycling. DGS expects that the vehicles will all be delivered by April 2024. The first of the load packers are slated to be delivered in December 2023.

HVAC Improvements at City Libraries

Within the past month, additional meetings and site visits were held with the contractor that submitted a proposal and the Enoch Pratt Free Library. Based on these meetings and site visits, the finalized scope of work and locations for all Library locations to receive HVAC repairs has been determined, and a revised proposal is to be submitted to DGS from the contractor.

Capital Improvements

DGS is in the process of conducting a design review for the City Hall roof. Next, DGS will return comments to the consultant to finalize the bid-ready set for review by the end of November. The Northwest Community Action Center Roof /Storefront is currently in pre-bid phase and scheduled to be advertised in November, with the bid opening in December.

Performance Measures and Metrics

A select number of performance measures are included in Table 3. Measures should not be viewed as underperforming since many programs or data collection are just beginning. The Recovery Office will continue to coordinate with subrecipients on measure accuracy. Additional data on performance measures will be included in Council reports as programs are further implemented, and data becomes available. Other performance measures can be found on the [dashboard](#).

Table 3: Selected Performance Measures

Low-risk organizations report performance measures quarterly. Select quarterly performance measures are as follows:

Project	Measure	Target	Actual
Mayor's Office of Neighborhood Safety and Engagement			
Violence Intervention	Neighborhoods - Number of incidents responded to by stabilization provider	8 annually	20 (overall)
Mayor's Office of Employment Development

Population, Labor & Employment Growth

Council legislation requires critical performance indicators, benchmarks, and targets related to population growth. No data source exists that would demonstrate population growth monthly. In addition, some ARPA funding may be used for programs and initiatives that could result in population growth. However, such instances would be anecdotal in nature and cannot be positively correlated to ARPA.

The Mayor's Office of Recovery Programs continues to make significant progress in the awarding of ARPA funds, the monitoring of agency and organization's progress, and in the accountability and transparency in the use of these funds. Information on awards, reports, and the public-facing dashboard can be found at arp.baltimorecity.gov.
