	SUBJECT	CCB #10-0589/SOLID WASTE MANAGEMENT PLAN – AMENDMENT

CITY of  
BALTIMORE  
**MEMO**

**TO**

DATE: September 17, 2010

The Honorable President and  
Members of the City Council  
City Hall, Room 400  
100 N. Holliday Street

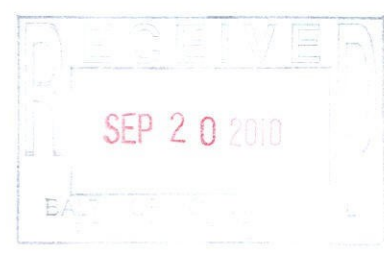

The Department of Planning has received City Council Bill #10-0589 for review. This legislation is “For the purpose of amending the Solid Waste Management Plan for Baltimore City to add L&J Waste Recycling, L.L.C., to the descriptions of waste disposal facilities locations that are included in the Plan and to the list of recycling companies and facilities that are included in the Plan; and providing for a special effective date.”

This bill adds amends the Solid Waste Management Plan for Baltimore City, adding references to L&J Waste Recycling, L.L.C., 222 N. Calverton Road, Baltimore, Maryland, to the descriptions of waste disposal facilities locations that are included in the approved Plan in Section 3.4, and in Appendix B of the Plan. The Department of Planning is still reviewing this proposed legislation because it appears that the subject property may also be needed for the proposed Red Line light rail project (as part of the maintenance yard facility). Planning will continue to work with the Department of Transportation and Department of Public Works regarding the future use of the Calverton Road property.

If you have any questions, please contact Mr. Eric Tiso of the Land Use and Urban Design Division at 410-396-8358.
