TABLE 7-202: OPEN SPACE DISTRICTS - PERMITTED AND CONDITIONAL USES

USES	DISTRICTS	USE STANDARDS
	OS	
<b>RESIDENTIAL USES</b>		
Dwelling, Caretaker	P	
<b>INSTITUTIONAL USES</b>		
Cultural Facility	CB	Subject to §14-308
Government Facilities – Offices: Park Related	P	
Government Facilities – Public Works	P	
Government Facilities – Non-Park	CO	
<b>OPEN SPACE &amp; AGRICULTURAL USES</b>		
Cemetery	CB	
Community-Managed Open-Space Farm	CB	Subject to §14-307
Community-Managed Open-Space Garden	P	Subject to §14-307
Fishing Pier	CB	
Forest and Nature Preserves	P	
Horse Stable	CB	
Marina: Recreational Marina	CB	Subject to §14-323
Parks and Playgrounds	P	
Urban Agriculture	CB	Subject to §14-339
Zoo	CB	
<b>COMMERCIAL USES</b>		
Country Club	P	
Driving Range	CB	
Fairground	CB	
Golf Course	CB	
Recreation: Indoor	CB	Subject to §14-312
Recreation: Outdoor	P	Subject to §14-312
Restaurant (Within Publicly-Owned Park)	CO <sup>6</sup>	
Restaurant General	C <sup>6</sup>	Subject to §14-3XX
<b>OTHER</b>		
Electric Substation: Enclosed	CB	Subject to §14-339
Electric Substation: Indoor	CB	Subject to §14-339
Parking Lot Accessory Only	CO	Subject to §14-331
Parking Structure Accessory Only	CO	Subject to §14-331
Telecommunications Facility	CB	Subject to §14-340
Utilities	CB	Subject to §14-339
Wireless Communications Service	CB, P <sup>1</sup>	

**TABLE 7-202 FOOTNOTES:**

<sup>1</sup> Only Wireless Communication Services that are modifications to – and do not substantially change the physical dimension of – an existing telecommunication facility, are considered permitted.

<sup>6</sup> All uses that do not engage in alcoholic Beverage sales can continue to operate in the manner listed in the tables. Any use that does not engage in alcoholic beverage sales must obtain a conditional use unless that type of use is not allowed in that particular district.

**TABLE 9-401 FOOTNOTES:**

- <sup>1</sup>For semi-detached dwellings, interior side yards are required only along the interior side lot line where the party wall between dwellings is not located.
- <sup>2</sup>Where Table 9-401 does not indicate a separate standard for age-restricted housing or residential care facilities for the elderly, the multi-family standards apply.
- <sup>3</sup>Where additional height is allowed for corner lots, both rights-of-way must be 30' or more in width. Where additional height is allowed adjacent to a right-of-way 30' or more in width, both rights-of-way in the case of a corner lot must meet that requirement.
- <sup>4</sup>BMZA can waive minimum lot area for Neighborhood Commercial Conditional Use.

TABLE 10-401: FOOTNOTES

<sup>1</sup> Subject to §10-503(k) for special building height provisions

<sup>2</sup> Where Table 10-401 does not indicate a separate standard for age-restricted housing or licensed residential care facilities for the elderly, the multi-family standards apply.

<sup>3</sup> In the C-1VC zoning district any change to existing setbacks or yards must be approved as variances by the Baltimore City Board of Municipal and Zoning Appeals

TABLE 10-503 (K): C-5 DISTRICTS DESIGN CRITERIA

DESIGN CRITERIA	C-5-DC	C-5-IH	C-5-DE	C-5-HT	C-5-TO	C-5-HS	C-5-G
Building design should reflect a distinct base, middle and top design.				X	X	X	
Incorporate design proportions within buildings so that all components of a building appear part of a unified whole.	X	X	X	X	X	X	X
Building design and siting should promote a pedestrian-orientation and pedestrian circulation.	X	X	X	X	X	X	X
Open space design should promote visually pleasing, safe and active space which emphasizes view, pedestrian access and solar exposure.	X	X	X	X	X	X	X
Building location and design should emphasize sustainability through convenient transit access, designs to collect stormwater runoff, landscape and façade design to minimize energy use, and adherence to LEED design principles.	X	X	X	X	X	X	X
Encourage signs scaled to the building design, appropriate to the street environment and oriented to both pedestrians and vehicles on streets.	X		X	X	X	X	X
Minimize the number of curb cuts and locate such to reduce the adverse impact upon the safety and comfort of pedestrians.	X	X	X	X	X	X	
Visually integrate parking facilities with surrounding development and encourage the active use of ground floors of parking structures.	X	X	X	X	X	X	X
Locate or screen service areas for trash, loading docks and mechanical equipment away from the street and/or pedestrian view.	X	X	X	X	X	X	X
The "tops" of new high-rise buildings in excess of 175' are encouraged to incorporate unique and distinctive designs, which create a distinctive and interesting Baltimore skyline. Examples of this type of "top" design include tops which exhibit a taper, pinnacle, sculptural or vertically punctuated condition, as shown in Figure 10-5: Building "Tops."	X		X	X	X	X	
The siting and design of buildings and structures shall consider the impact upon the present extent of views of iconic areas and buildings from within and into the downtown that define the image of the downtown. These include: Basilica of the Assumption, Bromo-Seltzer Tower, City Hall, Inner Harbor, Shot Tower, War Memorial, Washington Monument	X	X	X	X	X	X	X
Adhere to the guidelines of the West Side Strategic Plan, Part 11: Urban Design Guidelines.						X	
Adhere to the guidelines of the Pratt Street Plan for all development on Pratt Street.	X	X

Table 12-903(1): Canton Waterfront Area - Page 1 of 3

**Table 12-903(1): Canton Waterfont Area - Page 2 of 3**

**Height Limitations** - The height of structures along the waterfront shall not exceed 35 feet, except in Areas 1 through 4. Height controls are provided in Areas 1 through 4 to minimize the impact of building heights on adjacent neighborhoods. Specific locations for higher buildings are provided, as well as guidelines for building setbacks and setbacks. The maximum building height shall be defined as the vertical distance measured, in the case of flat roofs, from the mean curb level of the highest point of the roof adjacent to the street wall, and in the case of pitched roofs, from the mean curb level to the mean height level of the roof. Where the walls of a building are not adjacent to a street curb, the height of a building shall be measured from the average elevation of the ground adjoining the walls.

Canton Waterfont Area Height Limitations	
Area	Height Limitations
<b>1</b>	<p>Average height of the built area may not exceed 45 feet Maximum building height may be 50 feet</p> <p>Maximum building height along Aliceanna Street, Chester Street and the water's edge may be 40 feet. Additional height above 40 feet up to the maximum of 50 feet may be constructed so that it is not visible from that portion of the promenade adjacent to the area or may step up at an angle of no more than 45 degrees. The building may be setback a minimum of 20 feet from the Chester Street right-of-way.</p>
<b>2</b>	<p>Average height of the built area may not exceed 65 feet;</p> <p>Maximum height, excluding HVAC or other mechanical systems, is 75 feet.</p> <p>Maximum height for the HVAC and other mechanical systems may not exceed 90 feet.</p> <p>The maximum building height on Boston Street, the northwest and the water's edge may be 60 feet. Additional height above 60 feet up to the maximum of 75 feet may be constructed so it is not visible from that portion of the promenade adjacent to the area and from the sidewalk on the north side of Boston Street adjacent to the area or may step up at an angle of no more than 45 degrees.</p>
<b>3</b>	<p>The water's edge may have a maximum height of 40 feet.</p> <p>Additional height above 40 feet up to a maximum height no higher than the existing properties at 2351- 2439 Boston Street may be constructed so that it is not visible from that portion of the promenade adjacent to the area or may step up at an angle of no more than 45 degrees.</p>
<b>4</b>	<p>Average height of the built area may not exceed 50 feet Maximum height is 79 feet.</p> <p>The water's edge may have a maximum height of 40 feet. Additional height above 40 feet may be setback at an angle of no more than 45 degrees up to 79 feet.</p>

**Table 12-903(1): Canton Waterfront Area - Page 3 of 3**

**Public Access Corridors** - Minimum width of the corridors may be 50 feet, unless otherwise noted below. Landscaping, trees, lights, benches, tables, and other public amenities that will enhance, not impede, public view of the water may be permitted. All access corridors should connect sidewalk and promenade and be physically and visually uninterrupted. In cases where a public access corridor is to be located between 2 properties, the center of the corridor may be on the property line and the width of the corridor may be evenly divided between the 2 properties.

Canton Waterfront Public Access Corridors	
Corridor	Location
1	From a point at the approximate intersection of Boston and Aliceanna Streets south to the water between 2201 and 2121 Boston Street.
2	A 30 foot wide public access corridor may be designated between 2301 Boston Street (Northshore) and 2351 Boston Street (Anchorage Townhomes), consisting of a 15 foot wide public access corridor each on 2301 Boston Street and 2351 Boston Street.
3	A 15-foot wide public access corridor may be designated between 2369 and 2371, between 2389 and 2401, and between 2419 and 2421 Boston Street.
4	A 30-foot wide public access corridor may be designated between 2439 and 2449 Boston Street.
5	From a point at the approximate intersection of Luzerne Avenue and Hudson Street due south along the axis of Luzerne Avenue to the waterfront park. In the Luzerne Avenue corridor, if financially necessary and subject to the review and approval of the Commissioner of Housing and Community Development, a second level pedestrian bridge may be allowed.
6	From a point at the approximate intersection of Lakewood Avenue and Boston Street due south along the axis of Lakewood Avenue through to the water.
7	From a point at the approximate intersection of Kenwood Avenue and Boston Street along the axis of the existing 2809 Boston Street approximately southwest to the water.
8	From a point at the approximate intersection of Linwood Avenue and Boston Street along the axis of the existing 2809 Boston Street approximately southwest to the water.
9	This public access corridor may be described by a set of parallel lines. The northern line may extend west from the intersection of Elliott Street and Kenwood Avenue along the north axis of Elliott Street to the water; the southern will be parallel and 50 feet south of the above line.

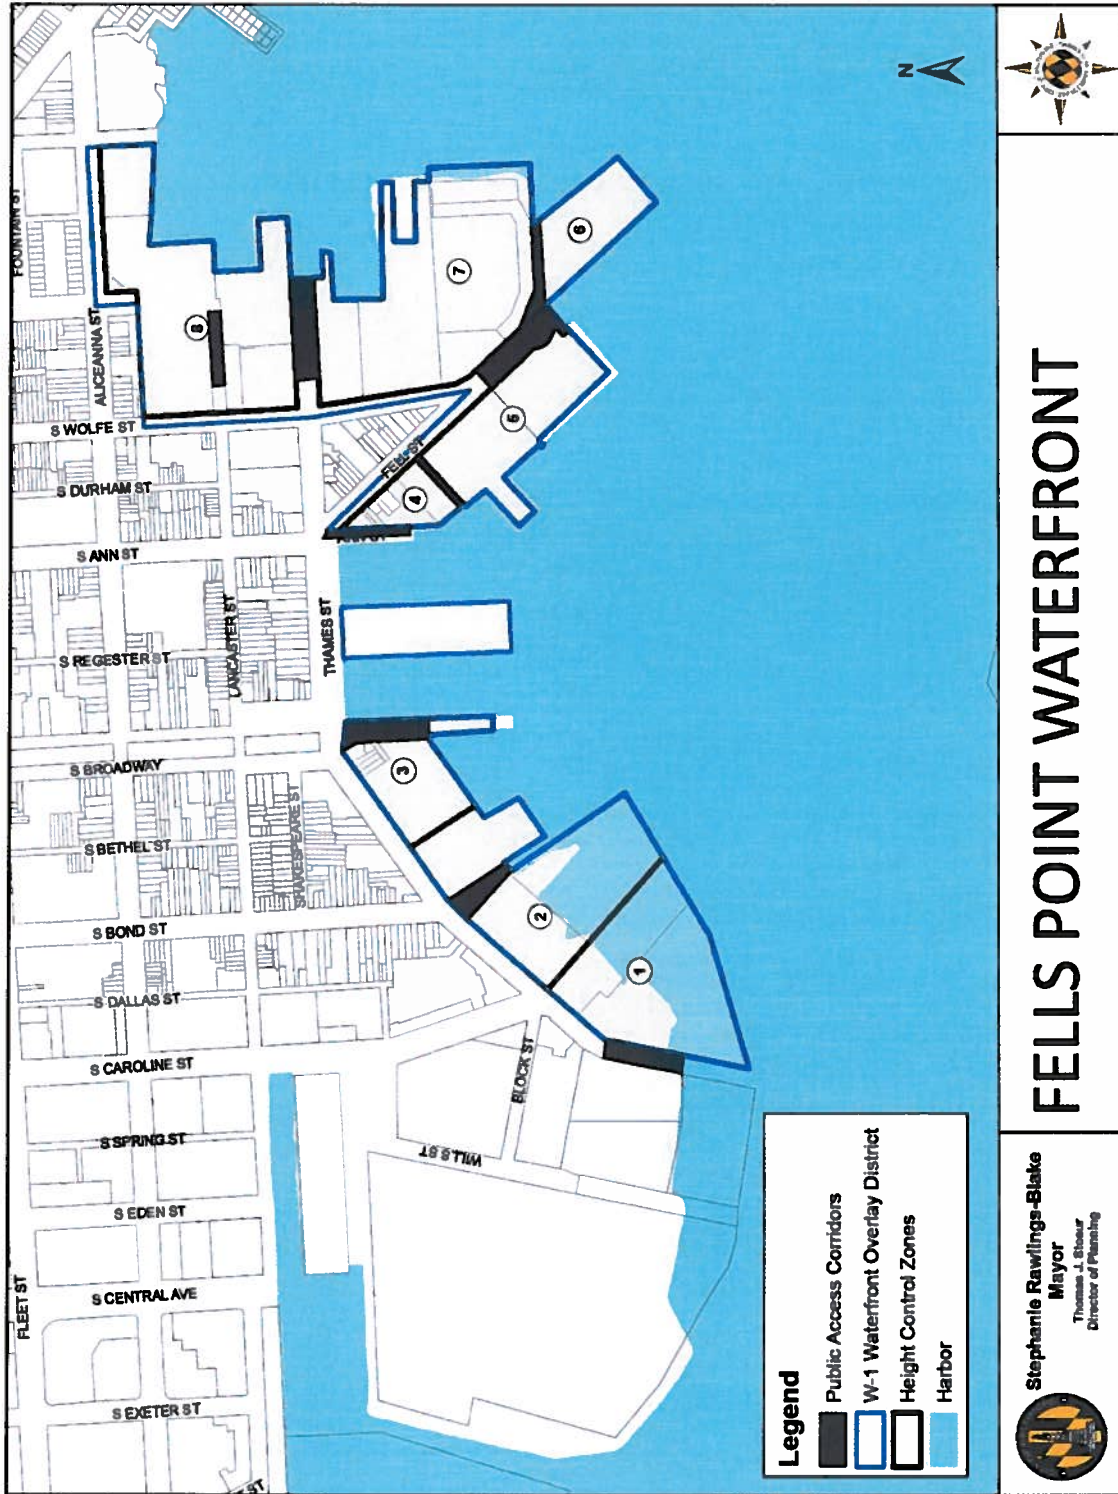

Table 12-903(2): Fells Point Waterfront Area – Page 2 of 3

**Height Limitations** - The maximum building height may be defined as the vertical distance measured, in the case of flat roofs, from the mean curb level of the highest point of the roof adjacent to the street wall, and in the case of pitched roofs, from the mean curb level to the mean height level of the roof. Where the walls of a building are not adjacent to a street curb, the height of a building may be measured from the average elevation of the ground adjoining the walls.

Fells Point Waterfront Area Height Limitations	
Area	Height Limitations
1	The maximum building heights may be as set forth in the Constellation PUD.
2	The maximum building heights may be as set forth in the Constellation PUD.
3	Thames Street elevations may be no higher than 40 feet. A building addition up to a maximum of 53 feet will be permitted if it is set back and designed so that it is not visible from the street frontage opposite this area.
4	Maximum building height may not exceed 40 feet.
5	Maximum building height may not exceed 60 feet, except on the property known as 1000 Fell Street where rehabilitation of the roof structure to accommodate a seventh story is permitted, provided that this seventh story is recessed so as not to be Subject ton from the street frontage of the subject property, and a further exception is provided for the property known as 932-944 Fell Street (Belt's Wharf Condominium Property) for a building addition up to a maximum of 74 feet if recessed 40 feet from the street frontage of the property.
6	The average height of built area may be no more than 50 feet, with a maximum height of 60 feet. The maximum height along the water's edge is 40 feet. Additional height over 40 feet up to the maximum of 60 feet may be constructed so that it is not visible from that portion of the promenade adjacent to the area or may step up at an angle of no more than 45 degrees.
7	The average height of built area may be no more than 75 feet, with a maximum height of 90 feet. The maximum height along Wolfe Street and the water's edge is 40 feet. The maximum height along Thames Street is 60 feet. Additional height over the 40 feet and 60 feet up to the maximum of 90 feet may be constructed so that it is not visible from that portion of the promenade adjacent to the area, Wolfe Street or Thames Street or may step up at an angle of no more than 45 degrees.
8	The average height of built area may be 45 feet, with a maximum height of 65 feet. The maximum height on Aliceanna Street, Chester Street and the water side may be 40 feet for a minimum of 40 feet depth. The building may be set back a minimum of 20 feet from the Chester Street right-of-way. Additions to the existing building at 705 S. Wolfe Street are permitted up to 65 feet. These additions may be set back so as not to be Subject ton from Wolfe Street, Aliceanna Street and the promenade adjacent to the area.

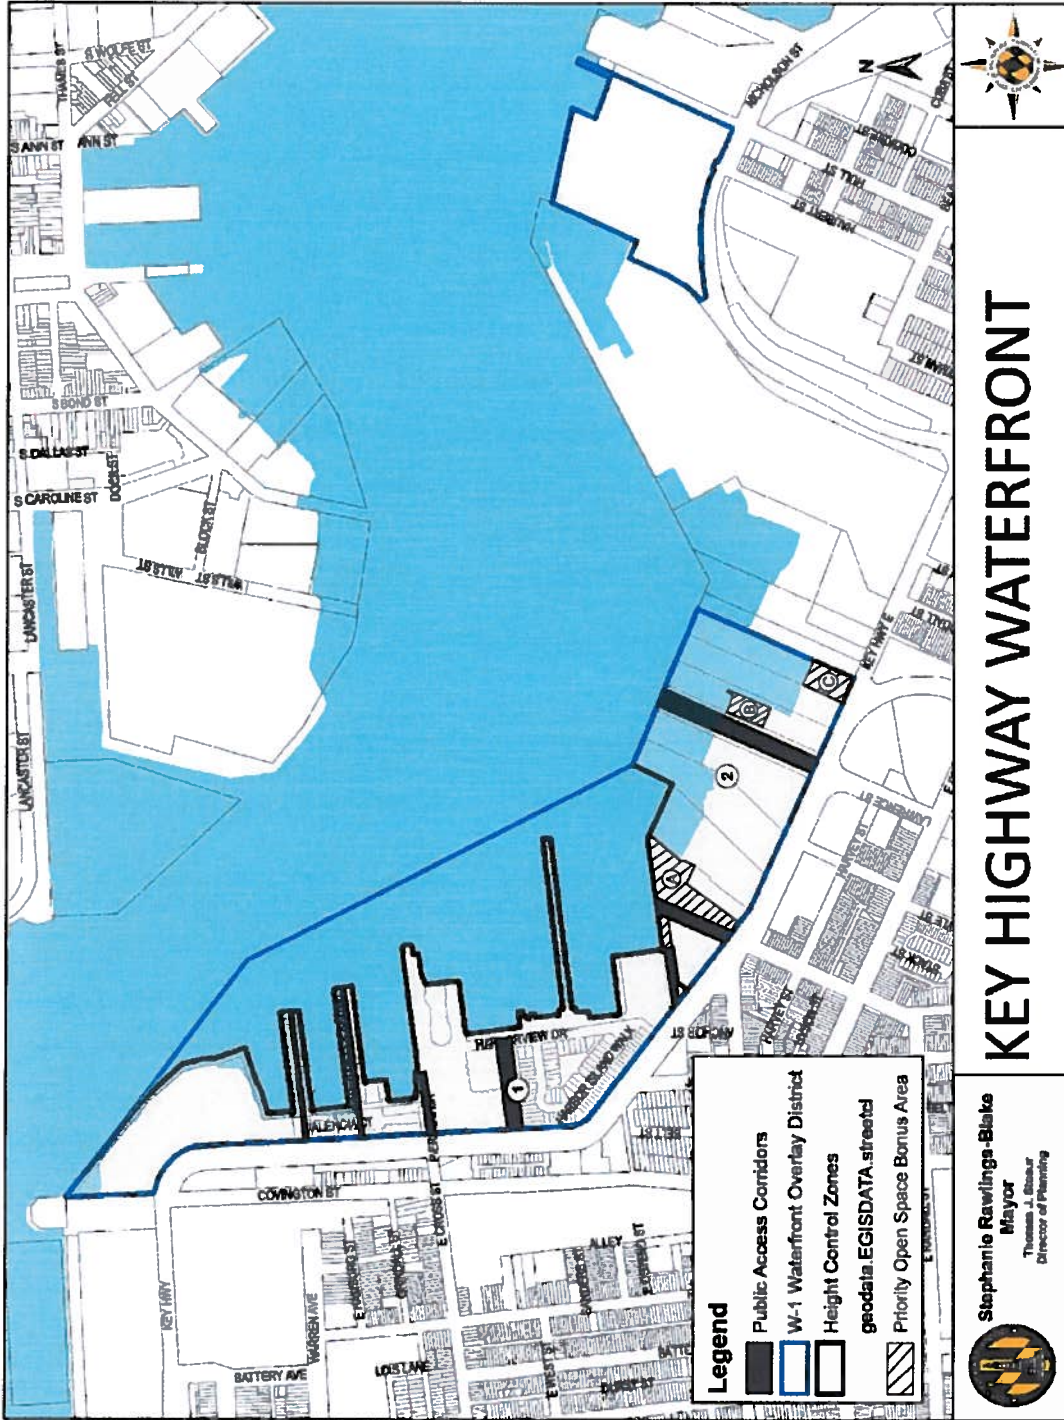

**Table 12-903(2): Fells Point Waterfront Area – Page 3 of 3**

**Public Access Corridors** - In order to assure public access to the Pedestrian Promenade and to preserve and enhance views of the water, the following public access corridors may be designated. The minimum width of the corridors may be 50 feet. Landscaping, trees, lights, benches, tables, and other public amenities that will enhance, not impede, public view of the water may be permitted. Off-street parking is not permitted within these corridors, except following review and approval of the Commissioner of the Department of Housing and Community Development. All access corridors should connect sidewalk and promenade and be physically and visually uninterrupted, and they must be accessible 24 hours daily. The general location of the following public access corridors are shown on the accompanying exhibit.

Fells Point Waterfront Public Access Corridors	
Corridor	Location
1	From a point at the approximated intersection of Thames, Philpot and Caroline Streets extended south to the water.
2	From a point at the approximate intersection of Thames and existing Caroline Street southeast to the water.
3	From the eastern right-of-way of Bond and Thames Streets, 50 feet west to a point, southeast to the water's edge to a point, 100 feet east on the water's edge to the point of the existing right-of-way of Bond Street north to the intersection of Bond and Thames Streets
4	From the end of Broadway south to the water.
5	From the end of Ann Street south to the water.
6	From a point approximately in front of 929 Fell Street southwest to the water.
7	From a point at the end of Fell Street east to the water along the property line between 1001 Fell Street and 935 S. Wolfe Street. The corridor may extend 25 feet on either side of the property line.
8	From a point at the intersection of Washington Street extended and Thames Street south to the water.
9	From point at the approximate intersection of Fell and Wolfe Streets southeast to the water.
10	From the end of Thames Street east to the water.
11	From the end of Lancaster Street east to the water.
12	From a point at the approximate intersection Aliceanna and Chester Streets south to the water
13	The following public streets – Broadway, Ann and Chester Streets – may be designated as long view corridors. New obstructions, such as balconies, bridges or structures may be permitted only with prior approval of the Commissioner of the Department of Housing and Community Development
14	From a point at the approximate intersection of the realigned Wills Street ad Philpot Street south to the water

Table 12-903(3): Key Highway Waterfront Area - Page 1 of 3

**Table 12-903(3): Key Highway Waterfront Area - Page 2 of 3**

Key Highway Height Controls	
Area	Height Limitations
<b>1</b>	<p>Building height may not exceed 290 feet above Mean Low Tide. Building coverage in this area may not exceed the following percentages of the existing aggregate of those areas:</p> <ul style="list-style-type: none"> <li>a) Grade to El. 58 feet: 65%</li> <li>b) El. 58 feet to El. 150 feet: 30%</li> <li>c) El. 150 feet to El. 390 feet: 16%</li> </ul> <p>Maximum height of El. 58 feet in the area north of the eastward extension of Grindall Street and Key Highway.</p> <p>No structure located between El. 150 feet and El. 390 feet shall exceed 14,000 square feet in area nor be located less than 100 feet from any structure located between El. 150 feet and El. 390 feet.</p> <p>Rooftop mechanical equipment may exceed such a maximum permitted elevations, as approved by DHCD.</p>
<b>2</b>	<p>Minimum Building Height along Key Highway – 35 feet                      Maximum Base Building Height – 60 feet                      15 foot setback for building above 40 feet along Key Highway                      All new buildings shall be setback a minimum of 18' from the existing curb line of Key Highway.</p> <p>Towers (building above 60 feet base building height) subject to the following:                      Maximum Floor-plates above 60 feet – 11,000 Gross Square Feet (GSF)                      Spaced no less than 100 feet from another tower                      Maximum Total Building Height – 140 feet.</p> <p>Priority Open Space Bonus: additional height and density above 140 feet may be earned for the development of priority open space in Areas A, B, and C as labeled on the Table 12-903(3) Key Highway Waterfront Area, at a rate of 10 GSF building/ 1.0 GSF of priority open space provided. Only bonus density may be used above 140 feet. Maximum building height with bonuses shall not exceed 290 feet. Priority Open Space created to calculate bonus density may not exceed 37,500 total square feet in Area A and may not exceed 28,000 total square feet in Areas B and C combined. Priority open space does not include the required Promenade and is to be built and maintained by the landowner for credit. Open spaces shall be established by public easements granted to the City.</p>

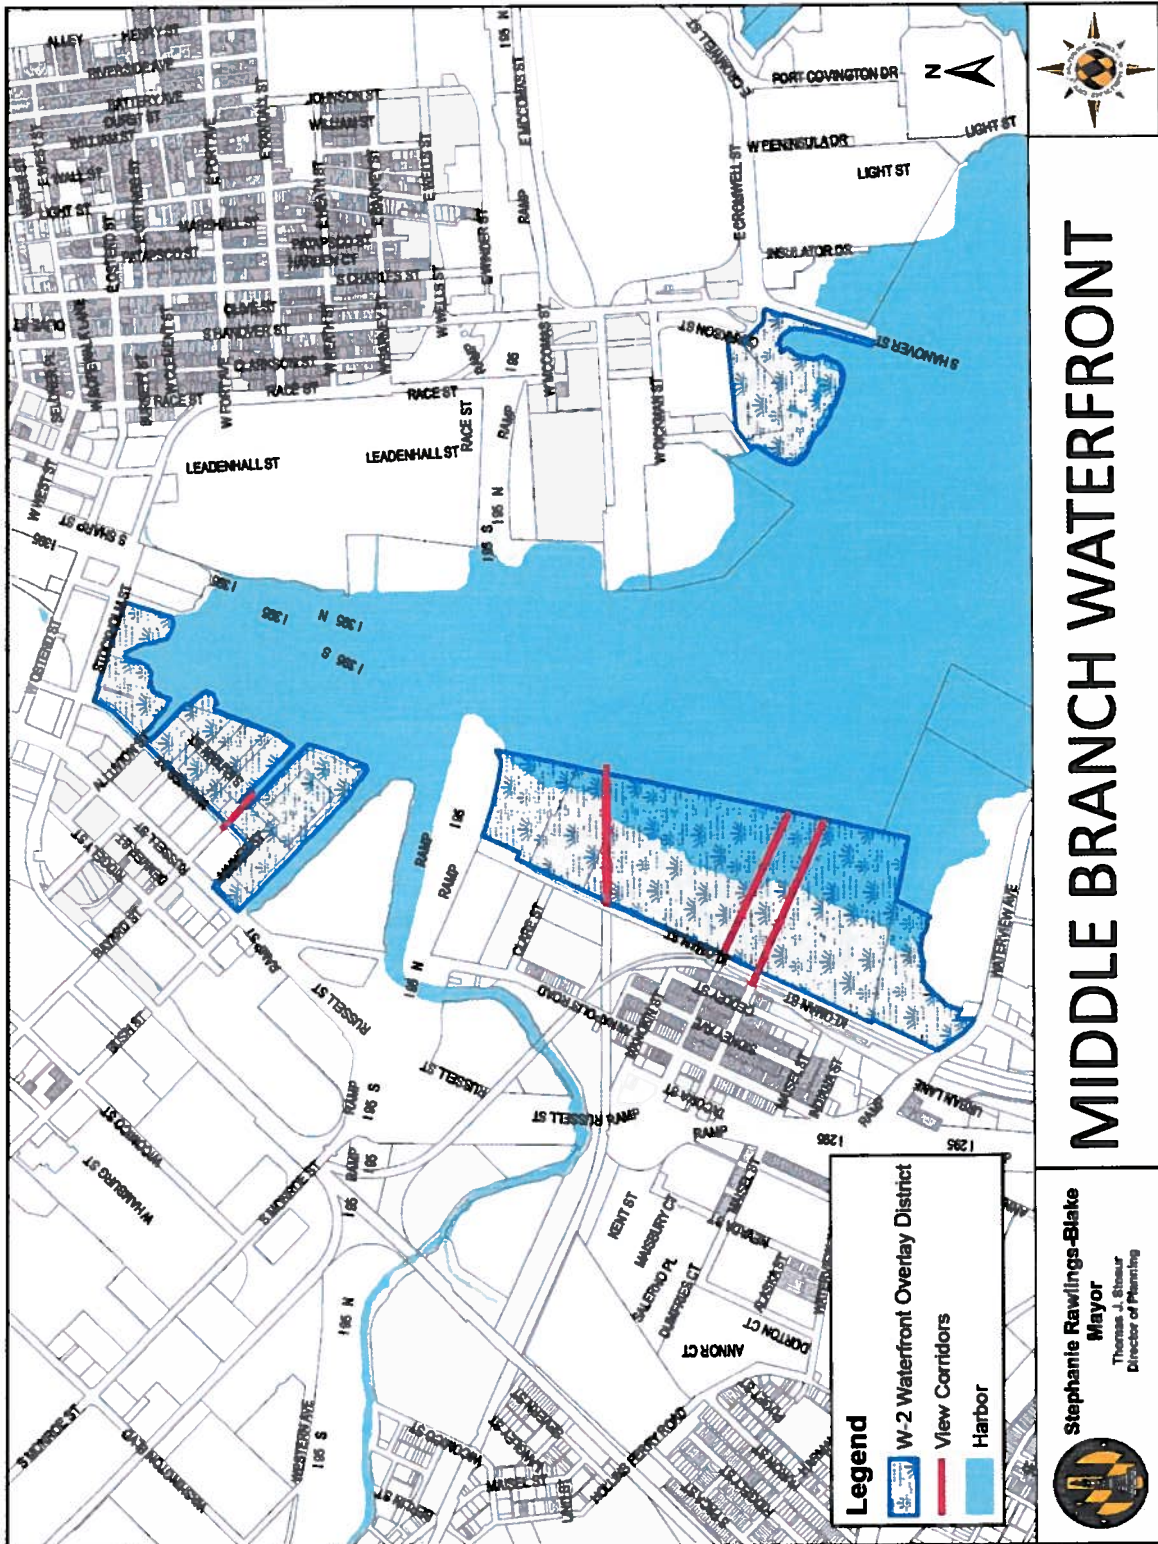

View Corridors/Public Access:

Key Highway Public Access/View Corridors	
Area	Public Access / View Corridors
1	Public Access Corridors must be provided from Key Highway to the water's edge from the five locations shown and connect the public sidewalk along Key Highway to the Public Promenade.
2	Public Access Corridors must be a minimum of 20 feet in width of permanently constructed hardscape within a Public View Corridor. The associated View Corridor must be a minimum of 60 feet wide that connects the public sidewalk along Key Highway to the Public Promenade.

<b>USES</b>	<b>RADIUS</b>	<b>MAXIMUM DRIVEWAY</b>
Residential for up to 5 spaces	10 feet	10 feet
Residential more than 5 spaces	10 feet	24 feet
Commercial, One-way	10 feet	18 feet
Commercial, Two-way	15 feet	36 feet
Industrial	30 feet	40 feet

**TABLE 16-406: REQUIRED OFF-STREET PARKING**

USES	PARKING
Adult Use	3 per 1,000sf GFA
Alternative Energy System	2 per 1,000sf of office area
Animal Hospital	1 per exam room
Art Gallery	1 per 1,000sf GFA
Arts Studio	1 per 2,000sf of studio area
Arts Studio - Industrial	1 per 2,000sf of studio area
Auditorium	1 per 10 persons of fire rated capacity
Bail Bond Establishment	2 per 1,000sf of GFA
Banquet Hall	1 per 10 persons of rated capacity
Boat Manufacturing, Repair and Sales	1 per 4 employees on maximum shift + 1 per company vehicle maintained on the premises
Body Art Establishment	1 per 1,000sf GFA
Broadcasting Station (TV or Radio)	1 per 2 employees on maximum shift + 1 per company vehicle maintained on the premises
Carry-Out Food Shop	2 per 1,000sf GFA + 3 stacking spaces per drive-through lane (where applicable)
Car Wash	2 per bay
Cemetery	2 per 1,000sf of office + 1 per 4 persons of fire rated capacity in chapel
Check Cashing Establishment	2 per 1,000sf of GFA
Community Center	1 per 10 persons of fire rate capacity
Contractor Storage Yard	2 per 1,000sf GFA of office and public use area
Convention Center	1 per 10 persons of rated capacity
Country Club	Cumulative: determined by uses within development (golf course, restaurant, etc.)
Cultural Facility	1 per 4,000sf of floor area
Day-Care Center: Adult or Child	1 per 4 employees on maximum shift
Driving Range	1.5 per tee stand
Dwelling: Above the Ground Floor	1 per dwelling unit
Dwelling: Caretaker's	1 per dwelling unit
Dwelling: Multi-Family	1 per dwelling unit
Dwelling: Multi-Family – Age-Restricted Housing	1 per 2 dwelling units
Dwelling, Rowhouse	1 per dwelling unit
Dwelling: Detached	1 per dwelling unit
Dwelling: Semi-Detached	1 per dwelling unit
Educational Facility: Primary and Secondary	1 per 4 teachers and employees + 1 per 50 students based on the greatest number of student enrollment permitted
Educational Facility: Post-Secondary	1 per 4 teachers and employees + 1 per 25 students based on the greatest number of student enrollment permitted
Educational Facility: Commercial-Vocational	1 per 4 teachers and employees + 1 per 25 students based on the greatest number of student enrollment permitted + 1 per facility vehicle if outdoor component is present such
Entertainment : Indoor	1 per 10 persons of rated capacity
<i>Movie Theater</i>	<i>1 per 4 seats for first 400 seats + 1 per 6 seats after first 400</i>
Entertainment : Live (Standalone)	1 per 10 of fire rated capacity
Financial Institution	2 per 1,000sf + 2 stacking spaces per drive-through lane
Food Processing: Light	1 per 4 employees on maximum shift or 1 per 1,000sf of GFA, whichever is less
Fraternity, Sorority House	When used for residence: 1 per 2 bedrooms
Freight Terminal	1 per 20,000sf GFA of warehouse space + 2 per 1,000sf of office space

**TABLE 16-406: REQUIRED OFF-STREET PARKING**

USES	PARKING
Funeral Home	2 per 1,000sf of office +1 per 4 fire rated capacity in chapel + 1 per company or business vehicle maintained on the premises
Gas Station	1 per 1,000sf GFA of accessory retail
Golf Course	3 per hole
Government Offices	2 per 1,000sf GFA
Government Facilities: Public Works	1 per 1,000sf of office area and public use area + 1 per government vehicle maintained on the premises
Greenhouse/Nursery	2 per 1,000sf GFA including outdoor sales and display area
Health Center	2 per 1,000sf of public use area
Heavy Retail, Rental or Service	1 per 4 employees on maximum shift or 1 per 1,000sf of GFA, whichever is less
Horse Stable	1 per 5 stalls
Hospital	1 per 10 hospital beds + 1 per 4 employees including staff doctors on maximum shift + 1 per 2 exam rooms in medical offices
Hotel/Motel	1 per 4 rooms
Industrial Boat Repair Facility	1 per 4 employees on maximum shift or 1 per 1,000sf of GFA, whichever is less
Industrial: General	1 per 4 employees on maximum shift or 1 per 1,000sf of GFA, whichever is less
Industrial: Light	1 per 4 employees on maximum shift or 1 per 1,000sf of GFA, whichever is less
Industrial: Maritime-Dependent	1 per 4 employees on maximum shift or 1 per 1,000sf of GFA, whichever is less
Kennel	2 per 1,000sf of public waiting area
Landfill: Industrial	1 per 4 employees on maximum shift or 1 per 1,000sf of office area, whichever is less
Live-Work Dwelling	1 per dwelling unit
Marina: Dry Storage	1 per 4 slips (During the off-season, September 15 to May 14, the parking area may be used for the storage of boats, trailers, or other related materials, as long as at least 10% of required parking remains)
Marina: Recreational	1 per 2 slips
Marina: Recreational Marina	1 per 2 slips
Marine Terminal	1 per 4 employees on maximum shift or 1 per 1,000sf of GFA, whichever is less
Materials Recovery Facility	1 per 4 employees on maximum shift or 1 per 1,000sf of office area, whichever is less
Medical/Dental Clinic	3 per 1000 sf GFA
Mini-Warehouse	1 per 50 storage units
Motor Vehicle Dealership	1 per 1,000sf GFA
Motor Vehicle Operation Facility	1 per 4 employees on maximum shift or 1 per 1,000sf of office area, whichever is less
Motor Vehicle Rental Establishment	2 per 1,000sf of public waiting & office area + 1 per company vehicle maintained on the premises
Motor Vehicle Service and Repair, Major or Minor	2 spaces per service bay
Movie Studio	1 per 4 employees on maximum shift or 1 per 1,000sf of office area, whichever is less
Office	1 per 800sf GFA
Outdoor Storage Yard	1 per 1,000sf GFA of office & public use area
Passenger Terminal	3 per 1,000sf GFA
Pawn Shop	2 per 1,000 GFA
Personal Services Establishment	2 per 1,000 GFA

**TABLE 16-406: REQUIRED OFF-STREET PARKING**

USE	PARKING REQUIREMENTS
Place of Worship	1 per 4 persons of rated capacity or 1 per 8 persons of fire rated capacity for place of worship whose worshipers are required to walk to worship because of religious tenant + parking required for additional uses on-site as per this table.
Printing Establishment	1 per 4 employees on maximum shift or 1 per 1,000sf of GFA, whichever is less
Racetrack	1 per 10 persons of rated capacity
Recreation: Outdoor	2 per 1,000sf of public use area – this does not include the actual play field or pool
Recreational Vehicle Dealership	1 per 1,000sf GFA
Research and Development	1 per 4 employees on maximum shift or 1 per 1,000sf of GFA, whichever is less
Residential Care Facility	1 per 4 employees on maximum shift plus 1 per 6 residents. However if the facility does not permit residents to have vehicles at the facility, the facility need not provide off street parking spaces for residents
Resource Recovery Facility	1 per 4 employees on maximum shift or 1 per 1,000sf of office area, whichever is less
Restaurant	1 per 100sf of indoor public seating area + 3 stacking spaces per drive-through lane (where applicable)
Retail Goods Establishment	2 per 1,000sf GFA
Rooming House	1 per 2 units
Shipyards	1 per 4 employees on maximum shift or 1 per 1,000sf of GFA, whichever is less
Lodge or Social Club	1 per 10 persons of rated capacity
Stadium	1 per 10 persons of rated capacity
Tavern	1 per 100sf of indoor public seating area
Transfer Station/Refuse Collection Facility	1 per 4 employees on maximum shift or 1 per 1,000sf of office area, whichever is less
Truck Repair	2 truck-sized parking space per service bay + 1 per 4 employees on maximum shift
Truck Stop	1 truck-sized parking space per 5,000sf of site area + 1 per 4 employees on maximum shift
Truck Terminal	1 per 4 employees on maximum shift or 1 per 1,000sf of office area, whichever is less
Warehouse	1 per 20,000sf GFA of warehouse space + 2 per 1,000sf of office space
Waterfreight Terminal	1 per 4 employees on maximum shift or 1 per 1,000sf of GFA, whichever is less
Wholesale Goods Establishment	1 per 4 employees on maximum shift or 1 per 1,000sf of GFA, whichever is less
Video Lottery Facility	1 per 10 persons of fire rated capacity

**TABLE 16-501: COLLECTIVE PARKING CALCULATION**

LAND USE	Weekday			Weekend		
	Mid-7am	7am-6pm	6pm-Mid	Mid-7am	7am-6pm	6pm-Mid
