Dear Mayor Young,

My name is Renée Hancock. In the midst of a pandemic and public outcry against police brutality, it is inappropriate to propose increases to the Baltimore Police Department budget. I urge you to reallocate the Baltimore City Expense Budget, divest interest in the BPD, and invest in social services and education programs, effective for FY 2021.

Investment in programs such as the Affordable Housing Trust Fund, Baltimore Children and Youth Fund, Safe Streets Baltimore, the Office of Employment and Development, or the Department of Health will have a measurable and lasting impact on public health and safety.

Best,

Renée Hancock

Dear Mayor Young, My name is Hunter. In the midst of a pandemic and public outcry against police brutality, it is inappropriate to propose increases to the Baltimore Police Department budget. I urge you to reallocate the Baltimore City Expense Budget, divest interest in the BPD, and invest in social services and education programs, effective for FY 2021. Investment in programs such as the Affordable Housing Trust Fund, Baltimore Children and Youth Fund, Safe Streets Baltimore, the Office of Employment and Development, or the Department of Health will have a measurable and lasting impact on public health and safety. Best,

Hunter

Dear Mayor Young,

My name is hadiya Manzoor. In the midst of a pandemic and public outcry against police brutality, it is inappropriate to propose increases to the Baltimore Police Department budget. I urge you to reallocate the Baltimore City Expense Budget, divest interest in the BPD, and invest in social services and education programs, effective for FY 2021.

Investment in programs such as the Affordable Housing Trust Fund, Baltimore Children and Youth Fund, Safe Streets Baltimore, the Office of Employment and Development, or the Department of Health will have a measurable and lasting impact on public health and safety.

Best,
Hadiya Manzoor

Hello!

I wanted to reach out and express that I fully support re-investing portions of the Baltimore City budget in areas such as Housing and Community Development, Employment Development, Recreations and Parks, as well as the Health. In my opinion, focusing more of the budget on building the communities in Baltimore City will be advantageous to every resident here. Allocating more resources to building the community rather than policing it could prove beneficial in the short-term, as well as the future. I hope this e-mail finds you well and I appreciate your time.

Kind Regards,
Anthony Williams

Dear Mayor Young,

My name is Alim Kamara. In the midst of a pandemic and public outcry against police brutality, it is inappropriate to propose increases to the Baltimore Police Department budget. I urge you to reallocate the Baltimore City Expense Budget, divest interest in the BPD, and invest in social services and education programs, effective for FY 2021.

Investment in programs such as the Affordable Housing Trust Fund, Baltimore Children and Youth Fund, Safe Streets Baltimore, the Office of Employment and Development, and the Department of Health will have a measurable and lasting impact on public health and safety.

Dear Mayor Young,

My name is Grace Walsh-Little. In the midst of a pandemic and public outcry against police brutality, it is inappropriate to propose increases to the Baltimore Police Department budget. I urge you to reallocate the Baltimore City Expense Budget, divest interest in the BPD, and invest in social services and education programs, effective for FY 2021.

Investment in programs such as the Affordable Housing Trust Fund, Baltimore Children and Youth Fund, Safe Streets Baltimore, the Office of Employment and Development, or the Department of Health will have a measurable and lasting impact on public health and safety.

Best,

Hello,

I call on the Baltimore City Council to vote against the proposed FY 2020-21 Baltimore Police Department budget and instead work to implement significant and permanent reductions to this department. These funds should be routed toward the development of harm reduction systems that do not terrorize our neighbors and communities. The proposed BPD FY21 Budget is \$549,959,519. This is an increase of \$13,583,042 compared to FY20. The Budget also calls for cuts to several departments that better serve the public, including:
Affordable Housing (-\$3,535,819)

To Whom It May Concern:

I do not want police funding increased. I want it to decrease. I want better social services, infrastructure, healthcare and education programs.

The police have violently attacked me, my friends, and loved ones. Baltimore Policing needs reform. That reform begins with re-allocation of funds.

Hello,

My name is Nicholette Brandford and I am a resident of Baltimore, Maryland. I am emailing today to demand that Baltimore City defund the police and reallocate funds to communities. The Baltimore Police Department has an extensive history of antiblack violence, as investigations in the wake of the 2015 Unrest by the Department of Justice revealed the long-running discriminatory policing practices that black neighborhoods are all too familiar with.

I demand that funds be allocated to social services that center community development, such as affordable housing, homeless prevention and support services, youth and trauma services, and responsible neighborhood development.

I demand that funds be allocated to social services such as youth and trauma services, affordable housing, homeless prevention and support services, and more. The public safety budget of \$980 million and intention to increase officers in Fiscal 2021 outlined in the Board of Estimates summary is unacceptable. Considering the historical and present acts of police brutality against the same community that police have sworn to protect, I demand that the preliminary budget be revised to reflect a redirection of allocations from law enforcement and to these vital social service programs.

Sincerely,
Nicholette Brandford

Dear Council President Scott, Councilman Stokes, Chairman Costello, and Ms. Currin,

I am a resident of the 12th district, calling on the Baltimore City Council to vote against the proposed FY21 Baltimore Police Department budget and instead work to implement significant and permanent reductions to this department.

The proposed BPD FY21 Budget is \$549,959,519. This is an increase of \$13,583,042 compared to FY20. The Budget also calls for cuts to several departments that better serve the public, including affordable housing, community development, homeless prevention and support services, the public library, and parks programs.

We must reallocate funds away from police and toward programs that prioritize harm reduction, empower communities, and provide needed services to citizens. Funds are desperately needed to support these essential departments, and we've seen again and again that more money does not equal better policing.

Sincerely,
Hannah Brown
2618 St. Paul Street

Hello,

My name is Israel Martinez and I am a resident of Winslow Township, NJ. I am emailing today to demand that Baltimore City defund the police and reallocate funds to communities. The Baltimore Police Department has an extensive history of antiblack violence, as investigations in the wake of the 2015 Unrest by the Department of Justice revealed the long-running discriminatory policing practices that black neighborhoods are all too familiar with.

I demand that funds be allocated to social services that center community development, such as affordable housing, homeless prevention and support services, youth and trauma services, and responsible neighborhood development.

I demand that funds be allocated to social services such as youth and trauma services, affordable housing, homeless prevention and support services, and more. The public safety budget of \$980 million and intention to increase officers in Fiscal 2021 outlined in the Board of Estimates summary is unacceptable. Considering the historical and present acts of police brutality against the same community that police have sworn to protect, I demand that the preliminary budget be revised to reflect a redirection of allocations from law enforcement and to these vital social service programs.

Sincerely,
Israel Martinez

Dear Councilman Costello and fellow councilpeople,

My name is Gaby Nair and I am a Baltimore resident, specifically a resident of D11. In the midst of this pandemic public outcry against police brutality, it feels more inappropriate than ever to propose increases to the BPD budget from \$530 Million to \$545 million.

I urge you to reject the current proposed Baltimore City Expense Budget because divesting interest in the BPD, and investing in social services and education programs, effective at the beginning of FY2021 is the moral thing to do. I echo Organizing Black's demands to cut the budget in half, and I urge the councilmembers to lobby the mayor to invest that money in Black communities in the city. Investment in programs such as the Affordable Housing Trust Fund, Baltimore Children and Youth Fund, Safe Streets Baltimore, the Office of Employment and Development, or the Department of Health, shows our commitment to communities and the vision that all Baltimore residents deserve to thrive.

Historically, the city government has spent far more on police than on public health, homeless services, youth services, and other vital agencies.

It's time to defund the BPD's harmful expansion into homeless services, schools, youth services, mental health, and other social services where police don't belong. It's time to protect investments in human services, the social safety net, and racial and economic justice.

I am writing to insist that the upcoming BBMR budget hearings for FY 2021 reflect the voices and needs of Baltimore's citizens. I am asking that city officials lobby intense care, attention and effort towards finding sustainable, long term change.

Thank you,
Gaby Nair

Hello,

As a resident of Baltimore for over 20 years, I call on the Baltimore City Council to move against the proposed FY 2020-21 Baltimore Police Department budget and instead work to implement significant and permanent reductions to this department.

These funds should be routed toward the development of harm reduction systems that do not terrorize our neighbors and communities. The proposed BPD FY21 Budget is \$549,959,519. This is an increase of \$13,583,042 compared to FY20. The Budget also calls for cuts to several departments that better serve the public, including: Affordable Housing (-\$3,535,819) Housing and Community Development (-\$227,023) Homeless Prevention and Support Services for the Homeless (-\$641,270) Outreach to the homeless (-\$1,971,541) Enoch Pratt Free Library (-\$350,000) Youth and Trauma Services (-\$10,749) Board of Elections (-\$190,470) Environmental Inspection Services (-\$50,243) Chronic Disease Prevention (-\$252,906) Park programs and events (-\$122,912) Public right of way cleaning (-\$686,806) Events Art Culture and Films (-\$442,488).

I call on the City Council to cancel the BPD budget increase of \$13.5 million and allocate it to the above departments.

Sincerely,
Sharyn Blum
