Judiciary and Legislative Investigations Committee  
 c/o Karen Randle, Executive Secretary  
 4<sup>th</sup> Floor, City Hall

June 16, 2008

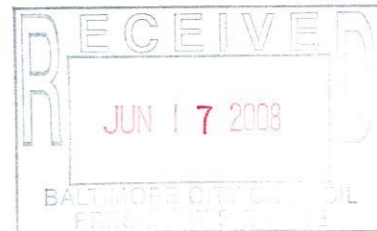

This Bill was referred to the Department of Legislative Reference for review and comment.

As indicated in its title, the primary purpose of the Bill is to "revis[e] the laws governing accident and disabled-vehicle towing".

The Department of Legislative Reference, however, plays no role in administering "the laws governing accident and disabled vehicle" (other than ministerially, as a repository for rules and regulations adopted under those laws). We have neither the expertise nor jurisdiction, therefore, to comment on Bill 08-127.

But we do thank you for thinking of us.
