### **Re: City Council Bill 22-0269 - Sale of Property – 301 North Pulaski Street**

The Department of Housing and Community Development (DHCD) has reviewed City Council Bill 22-0269 for the purpose of authorizing the Mayor and City Council of Baltimore to sell, at either public or private sale, all its interest in certain property that is located at 301 North Pulaski Street (Block 0146; Lot 001) and is no longer needed for public use; and providing for a special effective date.

DHCD strategically acquires, manages, and disposes of real property to create housing and economic development opportunities for Baltimore's neighborhoods. DHCD's Development Division is tasked with disposing of City owned real property on behalf of the Mayor and City Council of Baltimore City.

DHCD uses RFP's to seek developers or development teams for large scale projects that require extensive experience in urban revitalization initiatives, a proven track record of community partnerships, and financial and organizational capacity to successfully implement and complete complex redevelopment projects within a timely period.

If enacted, City Council Bill 22-0269 would allow for either the public or private sale of 301 North Pulaski Street. The property is estimated at 1 acre and is located in the Penrose/Fayette Street Outreach neighborhood in the 9<sup>th</sup> District. The property is zoned R-7. The three-level former elementary school was constructed in 1978. It is a one-building unit, with two stories that includes 29 parking spaces in an open lot, a playground, gymnasium, cafeteria, library, classrooms, and kitchen. This ordinance would provide for the authority to sell the property.

DHCD supports the Administration's disposition of the property as the site is no longer needed for public use.

We respectfully request a **favorable** report on Council Bill 22-0269.
