

MEMORANDUM

To: Nick J. Mosby, President, Baltimore City Council

From: Peter Little, Executive Director

Date: April 27, 2022

Subject: City Council Bill 22-0213

I am herein reporting on City Council Bill 22-0213 introduced by The Council President at the request of the Administration (Department of Transportation).

The purpose of this bill is to permit, subject to certain conditions, the construction and maintenance of a portion of a building, to project into the public right-of-way on the [west] side of Henry Street on the property known as 420 East Randall Street; and providing for a special effective date.

The Parking Authority of Baltimore City (PABC) has reviewed the proposed legislation. The legislation does not reference parking. A site visit was conducted during the month of April. The PABC does not manage any programs immediately adjacent to the property. The area of encroachment is on the third floor of the building, and so does not interfere with on-street parking on Henry Street.

Based on the comments above, the PABC does not oppose the passage of City Council Bill 22-0213.
