For Internal Use Only

BALTIMORE CITY COUNCIL EDUCATION, WORKFORCE, AND YOUTH COMMITTEE

Mission Statement

The Committee on Education, Workforce and Youth (EWY) is responsible for creating opportunities for our young people, ensuring economic opportunity and prosperity for Baltimore's workforce, and supporting our most vulnerable neighbors. The committee's areas of jurisdiction include public education, labor relations, workforce development, employment, public parks, recreation, and youth affairs. Issue areas include, but are not limited to: education, including adult education, higher education, workforce development, labor, senior affairs, veterans, childcare, accessibility and disability issues, recreation and parks, and historical landmarks.

The Honorable Robert Stokes, Sr. Chairman

BILL SYNOPSIS

Committee: Education, Workforce and Youth

Resolution: 23-0154R

Informational Hearing – Department of Public Works – Services and Vacancies

Sponsor:

Councilmember Stokes, et al

Introduced:

February 6, 2023

Purpose:

For the purpose of inviting representatives from the Department of Public Works and the Office of the City Administrator to brief the City Council on the status of services provided by the Department of Public Works, including maintenance processes for water main breaks, the installation of new water meters, trash and recycling services, and service vehicles that require replacement, as well as position vacancies throughout the Department of Public Works, in addition to any mitigation strategies that may be employed to address these issues.

Effective: On the date it is enacted.

Analysis

Current Law

Baltimore City Code – Article 1, Subtitle 1-City Council, Section 1-6

§ 1-6. Agencies to provide legislative information.

It shall be the duty of the head of every City department or bureau established by the Baltimore City Charter or by ordinance to provide all technical materials, plats, drawings, and information that are requested by any member or the President of the City Council for the purpose of introducing legislation into the Council. (City Code, 1976/83, art. 1, §6.) (Ord. 76-080.)

Background

Per the current year's budget; Fiscal Year 2023 (July 1, 2022 through June 30, 2023), the Department of Public Works provides <u>twelve (12) Services</u> and is allocated <u>2,712 budgeted positions</u>, as follows:

- Service 660 Administration Solid Waste
 - 11 Budgeted Positions
 - 11 General Fund full-time positions
- Service 661 Public Right of Way Cleaning
 - o 196 Budgeted Positions
 - 157 General Fund full-time positions
 - 3 Special Revenue full-time positions
 - 36 Stormwater Utility Fund full-time positions
- Service 662 Vacant/Abandoned Property Cleaning and Board
 - o 107 Budgeted Positions
 - 107 General Fund full-time positions
- Service 663 Waste Removal and Recycling
 - o 332 Budgeted Positions
 - 332 General Fund full-time positions
- Service 664 Waste Re-Use and Disposals
 - o 50 Budgeted Positions
 - 50 General Fund full-time positions
- Service 670 Administration Water/Wastewater
 - o 27 Budgeted Positions
 - 13 Wastewater Utility Fund full-time positions
 - 14 Waster Utility Fund full-time positions
- Service 671 Water Management
 - o 620 Budgeted Positions
 - 620 Water Utility Fund full-time positions
- Service 672 Water and Wastewater Consumer Services
 - o 224 Budgeted Positions
 - 224 Water Utility Fund full-time positions
- Service 673 Wastewater Management
 - o 743 Budgeted Positions
 - 743 Wastewater Utility Fund full-time positions
- Service 674 Surface Water Management
 - o 130 Budgeted Positions
 - 110 Stormwater Utility Fund full-time positions
 - 17 Wastewater Utility Fund full-time positions
 - 3 Water Utility Fund full-time positions
- Service 675 Engineering & Construction Management WWW
 - o 173 Budgeted Positions
 - 92 Wastewater Utility Fund full-time positions
 - 81 Water Utility Fund full-time positions

- Service 676 Administration DPW
 - 99 Budgeted Positions
 - 74 General Fund full-time positions
 - 25 Wastewater Utility Fund full-time positions

On <u>Thursday</u>, <u>March 16</u>, <u>2023</u>, representatives from the Department of Public Works will come before the committee to discuss several topics and/or issues such as:

- Status and/or update regarding services provided by the Department
 - o Trash, recycling, installation of water meters, water main breaks
 - o Trash pick-up
- <u>Vacant positions</u> throughout the Department
- Fleet
 - Status of service vehicles
 - Needed replacements
 - Number of employees assigned to trash trucks
- Strategies to help the Department reach its mission
- Employees' morale

The Department of Public Works' <u>mission is to</u> enhance and sustain health quality of life for every citizen and customer by providing efficient management of its services.¹

Attached are:

DEPARTMENT OF PUBLIC WORKS

FISCAL YEAR 2023 BUDGET

SEE ATTACHED

Public Works

The Department of Public Works' mission is to enhance and sustain healthy quality of life for every citizen and customerby providing efficient management of its services. The Department of Public Works consists of three major divisions: the Bureau of Solid Waste, the Bureau of Water and Wastewater, and the Surface Water Service.

The Bureau of Solid Waste is responsible for providing waste removal and recycling services, including curbside collection of mixed refuse, recycling, and seasonal waste for 600,000 residents in approximately 210,000 households. The Bureau also provides vacant and abandoned property maintenance services, rat control services, as well as public right-of-way cleaning of streets, alleys, and lots. The Bureau of Solid Waste is also responsible for disposal of refuse in accordance with governmental regulations and mandates. This includes the management of the Northwest Transfer Station on Reisterstown Road, which is a transfer point for mixed waste and recycling as well as housing the Small Haulers Program, and management of a 125- acre active landfill at Quarantine Road. Through agreements with the Wheelabrator Waste to Energy facility and recycling service providers, the Bureau provides for the proper and safe disposal of waste and a variety of recyclable materials. The long-term goal is to reduce volume and the amount of waste deposited in landfills in order to extend the life of these assetsand make the City self-reliant for the future. The Bureau also promotes and markets special initiatives for a cleaner and greener Baltimore.

The Bureau of Water and Wastewater is responsible for the operation of a water distribution system that supplies water to 1.8 million customers in the Baltimore Metropolitan Region. These responsibilities include the operation, maintenance, and security of three watershed systems; three filtration plants; pumping stations; and 3,800 miles of water distribution mains. The collection and treatment of wastewater, the operation and maintenance of two wastewater treatment plants, approximately 3,100 miles of collection and conveyance lines, pumping stations, and the City's system of storm drains are also the Bureau's responsibility.

The Surface Water Service consolidates all Stormwater related functions and includes the Watershed Liaison Office, Stormwater Management and Sediment and Erosion Control, Storm Drain Engineering, Storm Drain and Waterway Maintenance, Water Quality Monitoring and Inspections, and Environmental Engineering. The Division's mission is to restore the City's surface water to swimmable, fishable conditions in compliance with the Environmental Protection Agency and the Clean Water Act.

The Maryland General Assembly passed a law mandating that certain jurisdictions, including Baltimore, create a Stormwater remediation fee by July 1, 2013. The State rescinded the mandate in 2015, but will allow jurisdictions such as Baltimore to determine whether to charge the fee. The fee provides a dedicated revenue source for the purpose of improving water quality and flood control, reducing runoff into the harbor, and expanding green space.

The agency has proposed a three-year rate increase beginning in Fiscal 2023 with an annual rate increase of 3.0% for water, 3.5% for sewer, and 3.0% for stormwater through Fiscal 2025. The Fiscal 2023 budget is consistent with this rate increase. The rate increases will finance major capital projects to replace aging infrastructure and improve customer service.

- City's Quarantine Road Landfill is nearing the end of its useful life and is expected to be at capacity by 2026.
 The recommended budget includes \$10.1 million towards this expansion, including \$7.1 million in the operating budget for a contribution to the Landfill Trust fund, and \$3 million in the capital budget.
- The Fiscal 2023 budget includes \$400,000 to conduct studies for the implementation of zero waste initiatives and feasibility of a Solid Waste Enterprise Fund.
- The recommended budget includes \$690,432 in Casino Support for sanitation staffing and cleaning around the casino and in nearby waterways.
- The budget includes \$1.2 million in Community Development Block Grant (CDBG) funds to provide for the cleaning and boarding of vacant housing in target neighborhoods.
- The budget transfers 2 General Fund positions from Service 861: Controversies in the Law Department to re-establish the Office of Legal and Regulatory Affairs.
- The Fiscal 2023 budget establishes the Fleet and Facilities Management Division. Funding will support the
 operations of the office and fund 1 General Fund position to lead the division. Additional positions will be
 identified and transferred to the division during the fiscal year and additional funding is expected to be
 identified in the future.
- The recommended budget reduces total funding for debt service by \$31.9 million due to refinancing of outstanding debt.
- The budget continues support of the Sewage Onsite Support (SOS) Cleanup Program that started in Fiscal 2021. SOS provides professional cleaning, disinfection, and disposal services through 311 requests for capacity-related wet-weather events. The \$2.5 million program is funded by the Wastewater Utility Fund.
- DPW will continue the distribution of recycling cans for every eligible home in Baltimore and the Waste Removal and Recycling unit expects to collect 30,000 tons of recyclable material in Fiscal Year 2023.

Capital Budget Highlights			
Fund Name	Fiscal 2021 Budget	Fiscal 2022 Budget	Fiscal 2023 Budget

Total	613,665,000	279,213,000	388,755,000

- The Fiscal 2023 recommendation includes \$23.5 million in local funds for solid waste infrastructure, including \$15.9 million for renovation of the Southwest and Western Sanitation Yards, as well as a \$3 million contribution to expanding the Quarantine Road Landfill.
- The recommended Fiscal 2023 capital budget includes \$127 million for water main replacements, dam rehabilitation, and other improvements to the drinking water system.
- The recommended budget includes \$161 million for wastewater projects, including improvements to sanitary sewers and inflow and infiltration reduction projects.
- The Fiscal 2023 recommended budget includes \$74 million for stormwater management projects.
- The water, wastewater, and stormwater projects are funded through utility enterprise funds, including revenue loans and county grants. These funds can only be used for activities related to the water, wastewater, and stormwater utilities.

Major Operating Budget Items

- The Fiscal 2023 budget reallocates \$500,000 to the service for the maintenance and repair of Solid Waste facilities.
- The City's Quarantine Road Landfill is nearing the end of its useful life and is expected to be at capacity by 2026. The recommended budget includes \$10.1 million towards an expansion, with \$7.1 million in the operating budget to go to the Landfill Trust fund and \$3 million in the capital budget.
- The Fiscal 2023 budget includes \$400,000 to conduct studies for the implementation of zero waste initiatives and feasibility of a Solid Waste Enterprise Fund.

Service 661: Public Right-of-Way Cleaning

This service maintains the cleanliness of public rights-of-ways and clears debris away from storm drains to protect water quality. Activities include Street and Alley Operations, Mechanical Sweeping Operations, Cleaning of Business Districts, Marine Operations, and Graffiti Removal.

Fund Name	2021 Actual Dollars	2021 Actual Positions	2022 Budget Dollars	2022 Budget Positions	2023 Budget Dollars	2023 Budget Positions
General	16,986,966	159	18,173,437	157	18,576,302	157

Total	21,975,020	198	26,679,985	196	25,395,817	196

Performance Measures

Туре	Measure	Actual 2018	Actual 2019	Actual 2020	Target 2021	Actual 2021	Target 2022	Target 2023
Output	# of miles swept	110,372	99,805	58,438	100,000	13,878	100,000	100,000
Output	# of service requests completed (alleys, streets, lots, graffiti)	78,580	69,581	45,613	75,000	45,914	75,000	82,000
Effectiveness	% of alley cleaning service requests closed on time	89%	47%	48%	70%	33%	70%	85%
Effectiveness	% of service requests escalated	0.00%	0.80%	0.75%	0.60%	0.49%	0.60%	0.60%

• The service did not meet its target for "% of alley cleaning service requests closed on time" in Fiscal 2021 due to a newly created contingency plan that listed alley cleaning as second tier essential services, during the COVID-19 pandemic. As a result, there were multiple instances where dirty alley crews were reassigned to assist with curbside residential collections. With crews reassigned to other operations, the Bureau of Solid Waste was unable to complete as many dirty alley requests which created a backlog in overdue alley requests.

Major Operating Budget Items

- The recommended budget includes just under \$700,000 in Casino Support for sanitation staffing and cleaning around the casino and in nearby waterways.
- The budget reduces unallocated federal grant funding by \$2 million because the agency does not anticipate any federal grants within this service.

Change Table - General Fund

	Changes or adjustments	Amount
	Fiscal 2022 Adopted Budget	18,173,437
Adjustments with service impacts	Fund one-time furniture replacement	25,000

Service 662: Vacant and Abandoned Property Cleaning and Boarding

This service provides cleaning, boarding, mowing, and rat control services to vacant and unoccupied properties that are cited by the City's housing inspectors. Liens are placed against the property owner for work performed by City crews.

Fund Name	2021 Actual Dollars	2021 Actual Positions	2022 Budget Dollars	2022 Budget Positions	2023 Budget Dollars	2023 Budget Positions

Performance Measures

Туре	Measure	Actual 2018	Actual 2019	Actual 2020	Target 2021	Actual 2021	Target 2022	Target 2023
Effectiveness	# of burrows baited	27,237	23,948	12,668	22,000	37,231	22,000	30,000
Outcome	# of citizen complaints related to rats	5,323	3,971	3,989	4,000	5,141	4,000	3,000
Efficiency	\$ Value of liens billed (in millions)	\$5.6	\$4.3	\$4.3	\$3.0	\$4.2	\$3.0	\$3.0
Efficiency	% of cleaning and boarding requests completed on time	71%	56%	54%	70%	45%	70%	70%

The "\$ Value of liens billed (in millions)" decreased slightly in Fiscal 2021. Liens billed refers to the number
of private properties that have liens on them for work performed by the Bureau. In Fiscal 2021, about \$4.2
million in liens were billed, however only \$2.5 million was collected.

Major Operating Budget Items

- The recommended budget includes \$1.2 million in CDBG funds to provide for the cleaning and boarding of vacant housing in target neighborhoods.
- The recommended budget includes \$130,000 in one-time funding to support the move of the Property Management Division to a new facility
- The recommended budget includes \$1.6 million for the mowing and cleaning of vacant and abandoned properties using private contractors.

Service 663: Waste Removal and Recycling

This service provides household waste and recycling pick up from over 210,000 households, 290 multi-family dwellings, and commercial businesses through the 1+1 Program. This service also includes condominium and public housing refuse collection, recycling administration, and funding for household hazardous waste disposal services.

Performance Measures

Туре	Measure	Actual 2018	Actual 2019	Actual 2020	Target 2021	Actual 2021	Target 2022	Target 2023
Efficiency	% of missed pick-ups	0.06%	0.06%	0.22%	0.05%	0.37%	0.05%	0.05%
Effectiveness	% of service requests completed on time	92%	83%	56%	90%	47%	90%	90%
Output	Tonnage collected - mixed refuse	150,951	147,452	143,230	145,000	158,547	145,000	150,000
Output	Tonnage collected - recycling	28,681	25,266	24,114	26,000	15,800	26,000	30,000

 This service has seen a consistent decrease in "Tonnage collected - recycling." Curbside recycling was suspended briefly in Fiscal 2021 from September 2020 to January 2021 due to staffing shortages experienced during COVID-19. As a result, the City collected less recycling during this time period. Community Recycling Centers were set up within each Council District while curbside recycling was suspended to allow residents to drop-off their recyclables, but this was not as convenient as curbside recycling.

Major Operating Budget Items

- The recommended budget includes \$636,000 for route optimization technology.
- The recommended budget includes \$300,000 in stormwater funds to support the maintenance and repair of recycling cans.
- The recommended budget includes \$200,000 in stormwater funds to support temporary staffing needs.
- The Fiscal 2023 budget reduces unallocated grant appropriations across federal, state, and special grant funds.

Service 664: Waste Re-Use and Disposal

This service manages nearly 700,000 tons of mixed refuse and recycling materials at the City's landfill and the Northwest Transfer Station, which is integral to the efficiency of solid waste by providing a centralized drop off facility for trucks to shorten trips and consolidate material prior to movement to Baltimore Refuse Energy Systems Company (BRESCO) or to the recycling facility.

Major Operating Budget Items

- The Fiscal 2023 budget includes \$2.0 million in funding to pay for the single stream recycling contractor for processing of approximately 30,000 tons of single stream recyclables.
- The recommended budget includes \$7.1 million in funding as an annual contribution for landfill closure and development.
- The budget includes approximately \$300,000 in unallocated federal grant funding.
- The budget includes \$100,000 in additional funding to support waste transportation costs from the Northwest Transfer Station.

Change Table - General Fund

Major Operating Budget Items

- The Fiscal 2023 recommended budget includes \$2.5 million for the Sewage Onsite Support (SOS) Cleanup Program, which provides professional cleaning, disinfection, and disposal services from a third-party vendor at no cost to Baltimore City residents impacted by capacity-related sewage backup damage caused by a heavy wet weather event.
- The Fiscal 2023 recommended budget includes \$1.5 million to support its share of the City's transition to a new business process and document management system for capital projects
- The budget includes an additional \$300,000 for the YH20 Career Mentorship and Workforce Development programs.

Service 671: Water Management

This service provides for the operation of a water distribution system that supplies water to 1.8 million customers in the Baltimore Metropolitan region. This includes the maintenance of three watershed systems, three filtration plants, numerous pumping stations, and over 3,800 miles of water distribution mains. Baltimore's treatment and pumping facilities have a proven record of supplying safe and clean drinking water in compliance with all federal and State regulations. Additionally, this service maintains the city's 23,000 fire hydrants.

Fund Name	2021 Actual Dollars	2021 Actual Positions	2022 Budget Dollars	2022 Budget Positions	2023 Budget Dollars	2023 Budget Positions

Service 672: Water and Wastewater Consumer Services

This service provides for timely and accurate quarterly meter reading and billing of 412,000 water accounts. This includes the installation and maintenance of water meters, delinquent turn offs, and utility billing customer service. The customer service section of this Division provides customer support for customer inquiries and escalated complaints and makes necessary adjustments to bills for the consumer through a vetted mediation process. This service also includes the management of the senior and low income assistance programs.

Effectiveness	% of accounts billed %	95%	96%	98%	96%	93%	96%	96%
Output	of customers on financial hardship programs	3%	2%	4%	6%	4%	6%	6%

 [&]quot;# of customer service requests submitted for water accounts" decreased in Fiscal 2021. Due to the COVID-19 pandemic, this service did not bill for two months in Fiscal 2021 and they are still dealing with ransomware residual impacts. Billing disputes are expected to increase significantly as this service ramps up their billing output.

Major Operating Budget Items

The recommended budget maintains current level of service.

Service 673: Wastewater Management

This service provides for wastewater collection and treatment of up to 253 million gallons/day of wastewater from 1.8 million people in the metropolitan region. This includes operation and maintenance of the two largest wastewater treatment facilities in Maryland, twelve wastewater pumping stations and 1,400 miles of sewer main.

Fund Name	2021 Actual Dollars	2021 Actual Positions	2022 Budget Dollars	2022 Budget Positions	2023 Budget Dollars	2023 Budget Positions

Performance Measures

Туре	Measure	Actual 2018	Actual 2019	Actual 2020	Target 2021	Actual 2021	Target 2022	Target 2023
Effectiveness	# of dry-weather overflows	212	167	188	190	248	190	201
Efficiency	\$ Cost of treatment per million gallons	\$1,224	\$973	\$1,363	\$1,347	\$1,374	\$1,408	\$1,575
Effectiveness	% of Significant Industrial Users inspected and sampled	100%	100%	100%	100%	100%	100%	100%
Outcome	% of time in National Pollutant Discharge Elimination System (NPDES) Permit compliance	99.9%	99.6%	100.0%	100.0%	97.5%	100.0%	100.0%
Output	Million gallons of wastewater treated per day (MGD)	186	245	184	213	180	209	200

The service saw an increase in "# of dry-weather overflows," which are commonly caused by constrictions
in the main or lateral due to roots, grease, debris and/or sediment. The goal of this performance measure
is to track the dry weather SSO's and execute repairs as necessary to make the system more reliable and
robust.

Major Operating Budget Items

- The Fiscal 2023 budget includes an increase of \$1 million to maintain biosolids removal and hauling services at Back River Wastewater Treatment Plant.
- The Fiscal 2023 budget includes an increase of \$500,000 to transport sludge to compost facilities.
- The recommended budget includes an increase of \$250,000 for additional service contracts to support critical operating equipment.

Service 674: Surface Water Management

This service provides for the protection, enhancement, and restoration of watersheds within the City of Baltimore and the Chesapeake Bay tributaries through water quality management and rigorous compliance measures mandated by the Environmental Protection Agency and the Clean Water Act. This service maintains 1,146 miles of storm drain pipe, 52,438 inlets, 27,561 manholes, 1,709 outfalls, four storm water pumping stations, and five debris collectors. This service encompasses activities that contribute to advancing the Baltimore City Sustainability Plan and the DP3.

Fund Name	2021 Actual Dollars	2021 Actual Positions	2022 Budget Dollars	2022 Budget Positions	2023 Budget Dollars	2023 Budget Positions

Performance Measures

Туре	Measure	Actual 2018	Actual 2019	Actual 2020	Target 2021	Actual 2021	Target 2022	Target 2023
Effectiveness	# of inlets routinely cleaned on quarterly basis	1,200	397	580	500	686	450	755
Effectiveness	# of inlets routinely inspected on a quarterly basis	N/A	N/A	1,168	780	1,497	1,560	1,575
Output	% Construction sites inspected every 2 weeks	75%	77%	74%	85%	63%	85%	95%
Outcome	% SWM/ESC Plans Review responses within 14 days	45%	55%	64%	65%	71%	71%	75%

- The "% SWM/ESC Plans Review responses within 14 days" increased in Fiscal 2021. SWM/ESC stands for Storm Water Management and Erosion and Sediment Control. The performance measure is the number of calendar days between the receipt of a submittal (initial or response to comments sent) from the applicant and DPW's response (comments or approval) related to plan reviews for stormwater management and erosion and sediment control, administrated under Article 7, Divisions II and III of the City Code.
- "# of inlets routinely inspected on quarterly basis" increased in Fiscal 2021. Inlet screens and catch basin inserts were installed in 414 locations in five selected neighborhoods in May 2016. The 5 neighborhoods were based on high frequency of dirty streets and choked inlet complaints (3-1-1 CSR data). Routine cleaning efforts of these select inlets were contracted to a third-party vendor, starting in FY 2017. Since the contract was based on a price per inlet cleaned, DPW- Office of Asset Management Staff (OAM) staff had to inspect each inlet quarterly before assigning the work order.

Major Operating Budget Items

- The Fiscal 2023 budgetincludes a reduction in debt service payments of \$3 million.
- The recommended budget maintains the current level of service.

Service 675: Engineering and Construction Management - Water and Wastewater

This service provides for the design, construction and management of water, wastewater, stormwater and environmental restoration capital improvement projects. The City is currently subject to a federal consent decree that has been in effect since 2002, which places stringent requirements on the City to upgrade its sewerage system with the intent of eliminating sewer overflows and other discharges.

Fund Name	2021 Actual Dollars	2021 Actual Positions	2022 Budget Dollars	2022 Budget Positions	2023 Budget Dollars	2023 Budget Positions

Performance Measures

Туре	Measure	Actual 2018	Actual 2019	Actual 2020	Target 2021	Actual 2021	Target 2022	Target 2023
Effectiveness	% of projects completed on time and within budget	44%	36%	39%	40%	27%	40%	50%
Efficiency	Cost/linear foot to rehabilitate water distribution system (Capital Improvement Program)	\$306	\$350	\$336	\$450	\$286	\$369	N/A
Output	Linear Feet of wastewater collection system rehabilitated/replaced	142,774	116,168	126,512	85,000	68,217	267,420	N/A
Effectiveness	Total # of water quality complaints during the reporting period per 1000 water accounts	0.66	0.46	0.62	0.95	0.79	0.85	0.85
Effectiveness	Total # of WICs (Water in Cellar) during reporting period per 100 customer accounts	0.18	0.16	0.20	0.20	0.22	0.20	0.20

The service did not meet its target for "% of projects completed on time and within budget" measure due to time extensions and change orders as a result of differing site conditions.

Major Operating Budget Items

- The Fiscal 2023 budget includes a reduction in debt service payments of nearly \$30 million.
- The budget will maintain current level of service.

Major Operating Budget Items

 The budget transfers 2 General Fund positions from the Environmental Law division within Service 861: Controversies. The positions were transferred as they directly support the legal needs of DPW and DPW recently appointed a Chief Legal Officer that could oversee and appropriately direct the work of the attorneys.

Change Table - General Fund

	Changes of adjustments		Amount
	Fiscal 2022 Adopted Budget		1,752,457
Adjustments with service	Transfer 2 Assistant Counsel positions from Service		201,307
impacts	861: Controversies		
Adjustments without service impacts	Adjustment for City building rental charges		16,571
	Adjustment for City fleet rental, repair, and fuel charges		(8,047)
	Change in active employee health benefit costs	Da	66,527
	Change in allocation for workers' compensation		5,852
	expense		
	Change in cost transfers to capital budget, to/from other funds, and reimbursed expenses		(1,171,224)
	Change in pension contributions		(11,703)
	Increase in contractual services expenses		232,596
	Increase in employee compensation and benefits		587,208
	Increase in operating supplies, equipment, software, and		51,216

Council Resolution 23-0154R Agency Report(s)

See Attached

CITY OF BALTIMORE

BRANDON M. SCOTT, Mayor

DEPARTMENT OF LAW EBONY M. THOMPSON, ACTING CITY SOLICITOR 100 N. HOLLIDAY STREET SUITE 101, CITY HALL BALTIMORE, MD 21202

February 9, 2023

Honorable President Members of the City Council c/o Natawna Austin, Executive Secretary 409 City Hall Baltimore, MD 21202

RE: City Council Bill 23-0154R – Informational Hearing – Department of Public Works - Services and Vacancies

Dear President and Members:

You have requested the advice of the Law Department regarding City Council Bill 23-0154R. City Council Bill 23-0154R is for the purpose of inviting representatives from the Department of Public Works and the Office of the City Administrator to brief the City Council on the status of services provided by the Department of Public Works, including maintenance processes for water main breaks, the installation of new water meters, trash and recycling services, and replacement of service vehicles. In addition, the City Council wants to discuss position vacancies throughout the Department of Public Work. For all these matters, the Council would like to hear about any mitigation strategies that may be employed to fix the problems or mitigate their impact.

In general, Art. III, Sec. 9 of the City Charter and Art. 1, Sec. 1-4 gives the City Council authority to call before it, department heads and other City officials to inquire about the operation of City agencies and to investigate complaints and allegations regarding City operations. However, the City Council cannot compel the police officials of the State to appear before them, although, they may to do so voluntarily.

Council Bill 23-0154R is an appropriate resolution to discuss with experienced officials on how they are planning to coordinate efforts to enhance public safety in Baltimore City. The Law Department approves Council Bill 23-0154R for form and legal sufficiency as it is a valid method of inviting City officials to discuss this matter.

Sincerely yours,

Elena DiPietro

Baltimore DPW cites ongoing staffing issue for reduced recycling collections

Hannah Hoffman, WBAL-TV 11 Thursday, February 9, 2023

The Baltimore City Department of Public Works told a City Council committee on Wednesday that it can't resume weekly recycling collections due to a staffing issue.

Department leaders told the Baltimore City Council's Health, Environment and Technology Committee they're embarking on what it calls an aggressive recruitment effort to fill vacancies, but sometimes, that effort is falling short.

"We prioritized the (commercial driver's license) positions. So, we were picking up the phones, calling candidates nonstop until they actually responded back to us and tell us if they're interested in working for the DPW. And, we did that work at the end of 2022. We exhausted the list, we ran through the list and called every single candidate multiple times just to make sure they were aware of our positions," said Richard Luna, the DPW's deputy director.

There's a 25% vacancy rate across the DPW. In the department's solid waste division, the vacancy rate is 13%. The vacancy rate is even higher in the department's wastewater division at 27%.

Although staffing shortages affect the types of services offered, the Bureau of Solid Waste said it's making improvements in responding to 311 calls for service. Officials said the solid waste division closed 2% more service requests between July and December 2021. But there was a 5% drop in service requests for solid waste removal from 2021 to 2022.

City Council members pressed Baltimore's outgoing DPW director, Jason Mitchell, on a timeline to fill the positions and resume recycling collection service.

Mitchell pushed back against accusations that there have been no improvements made to the DPW since he took over.

"When I came here, there wasn't recycling. People couldn't take it to the curb, they had to take it to the bins. (There) wasn't street-sweeping. It wasn't bulk. It wasn't graffiti. I can talk to (Councilman Mark) Conway, before I joined here, I was on York Avenue, and he would e-mail me every day about the corner cans on North Avenue, we're picking them up. It has changed. The narrative that is hasn't, it's just proof in the numbers," Mitchell said.

One change in recent months is compliance with the Back River and Patapsco wastewater treatment plants. The <u>Back River plant has been in compliance</u> for nine months, and the Patapsco plant has been in compliance for five months.

This comes after the <u>state took over control of the operations at Back River</u>, which will continue through the spring.

The DPW said it will hold two more hiring events this spring. Department leaders also hope to tap into its internship programs and mentorship groups to get people interested in joining the workforce.

Recycling collection in Baltimore shifts to biweekly starting Jan. 18

Baltimore City split into two zones to alternate bi-weekly recycling collecti0n schedules

Updated: 5:43 PM EST Jan 12, 2022

BALTIMORE —

Recycling collection will change to bi-weekly starting next week, the Baltimore City Department of Public Works announced on Wednesday.

Recycling is piling up again in Baltimore City neighborhoods as DPW deals with staff shortages due to COVID-19. Many city residents have been waiting weeks to have their recycling picked up.

"It just hasn't been picked up in a couple of weeks. First, it was the week of the snow and ... sometimes that happens, the truck can't get through or there's a holiday," said Mimi Asnes, a city resident.

"It was delayed by a couple weeks, so we had a little buildup after the holidays, but they came and got it this week, and at our house, we had a lot," said Jeff McDonough, a city resident.

DPW said injuries and COVID-19 cases amongst staff members and shifting workers to snow detail created the backlog. Over a seven-day period during the holidays, DPW said it averaged 228 employees out of work with a peak of 340 employees out during that period.

"We've been having huge staff shortages," DPW Director Jason W. Mitchell said. "Over the last two weeks, we have seen, on average, every day, about 228 people out of work each week -- that represents 37% of our active workers."

In an effort to fix the issues, DPW will move to bi-weekly collections for recycling starting Tuesday, using an alternating A and B cycle system for curbside collection services as follows.

Northeast and northwest (north of North Avenue) neighborhoods will be on Week A of the alternating schedule, which will start on Jan. 18-21. Their following collection will be the week of Feb. 1-4.

Southeast and southwest (south of North Avenue) neighborhoods will be on Week B of the alternating schedule, which will start on Jan. 25-28. Their following collection will be the week of Feb. 8-11.

DPW said the change should bring predictability and stability to the collection process.

"This week, we were doing makeups, and then the following week, we will begin to provide that level of service," Mitchell said.

Residents' recycling day will not change. For example, if a resident's typical recycling collection day is Thursday, it will remain on Thursday with this new schedule and collections will occur bi-weekly.

This modified collection schedule will remain in effect until further notice and is only in effect for recycling, not trash collections.

"This change to bi-weekly recycling collections will help the department manage for the long-term," DPW Director Jason Mitchell said in a statement. "These modifications are essential to stabilize operations and ensure consistent, predictable, and sustainable services for residents."

Baltimore City Councilman Isaac "Yitzy" Schleifer, D-District 5, who called for a hearing, said recycling collections have been missed somewhat regularly over the past six months recently and more frequently.

The DPW said other jurisdictions across the country experiencing similar shortages have altogether canceled curbside recycling collections.

DPW said it has been working since before the pandemic to fill vacancies.

As DPW transitions to the new bi-weekly recycling schedules, city residents are encouraged to use five Residential Drop-Off Centers that are open Monday through Saturday.

- Northwest Transfer Station, 5030 Reisterstown Road
- Quarantine Road Landfill, 6100 Quarantine Road
- Northwest Residential Drop-off Center, 2840 Sisson St.
- Southwestern Residential Drop-off Center, 701 Reedbird Ave.
- Eastern Residential Drop-off Center, 6101 Bowleys Lane

DPW will continue to provide collection updates on its <u>website</u>, and residents who have more questions about the modified recycling schedule can go to DPW's frequently asked questions page.

Baltimore City recycling collection to stop Monday so crews can collect trash

BALTIMORE —

The Baltimore City Department of Public Works is suspending all recycling pickup so crews can focus on collecting trash, Department of Public Works officials announced Thursday.

Baltimore DPW officials said the department has reached a breaking point. Baltimore Acting DPW Director Matthew Garbark announced that starting Monday, recycling will stop being collected in Baltimore City through Nov. 1.

"All recycling collection crews will be diverted to trash collection on a full-time basis. Unfortunately, this means recycling operations must be modified. While this plan is in effect, recycling will no longer be collected from residences," Garbark said. "This plan is in effect until Nov. 1, we hope (recycling will resume) before that, but right now, it's going to be Nov. 1. We want to ensure that we have ample opportunity to recover and stabilize operations."

Informational Hearing - Department of Public Works - Services and Vacancies

FOR the purpose of inviting representatives from the Department of Public Works and the Office of the City Administrator to brief the City Council on the status of services provided by the Department of Public Works, including maintenance processes for water main breaks, the installation of new water meters, trash and recycling services, and service vehicles that require replacement, as well as position vacancies throughout the Department of Public Works, in addition to any mitigation strategies that may be employed to address these issues.

Now, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF BALTIMORE, That the City Council invites representatives from the Department of Public Works and the Office of the City Administrator to brief the City Council on the status of services provided by the Department of Public Works, including maintenance processes for water main breaks, the installation of new water meters, trash and recycling services, and service vehicles that require replacement, as well as position vacancies throughout the Department of Public Works, in addition to any mitigation strategies that may be employed to address these issues.

AND BE IT FURTHER RESOLVED, That a copy of this Resolution be sent to the Director of the Department of Public Works, the City Administrator, and the Mayor's Legislative Liaison to the City Council.
